ANNUAL TOWN MEETING

1932

Commonwealth of Massachusetts

Feb. 8, 1932

Norfolk, ss:

Pursuant to the foregoing warrant the adjourned Annual Town Meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, was held in the Auditorium of the High School Building, in said Walpole on

Monday, the 8th day of February, 1932, at 7.30 o'clock P. M., at which time and place the meeting was called to order by Henry W. Caldwell, Moderator, he having been previously sworn into office by Katherine J. Higgins, Town Clerk.

Voted, that the reading of the warrant be waived.

Art. 1. *Voted*, that all other Town Officers not elected by ballot be elected by nomination and the following were duly nominated and elected Surveyors of Lumber and Measurers of Wood and Bark for the ensuing year: Alton N. Clark; Frank A. Fisher; Reuben Whitcomb; George H. Kingsbury and William E. Ingram.

Art. 2. *Voted*, that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1932, to an amount not exceeding in the aggregate $450,000.00, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Affirmative	91
Negative	0

The count of the above vote was made by John J. Easton and Arthur Duncan, who had previously been appointed and sworn into office by the Moderator.

Art. 3. *Voted*, that the Town petition the Director of Accounts, Department of Corporations and Taxation, Commonwealth of Massachusetts, for an audit of the Town's accounts in accordance with Section 35, Chapter 44 of the General Laws.

Art. 4. *Voted*, that the Town authorize the Collector in collecting taxes to use all means which the Treasurer may use when appointed Collector.

Art. 5. *Voted*, that the Town instruct the Collector, in collecting water rates and water service bills to follow the rules and regulations of the Water Department.

At this point, on motion made and seconded by John S. Allen, Chairman of the Appropriation Committee, it was *Voted*, that action of all articles referring to appropriation or transfer of money be postponed until an adjourned town meeting to be held Feb. 23, 1932.

Voted, that action on articles 6-7-8-9-10-11-12-13-15-16-17-18-19 20-21-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-48-50-51-52-53-54-55-56-57-59-61-63-64-65-66-67-also articles 47 and 60 be referred to a town meeting to be held Tuesday night Feb. 23, 1932 if such meeting is voted.

On motion made and seconded, it was voted to take up article 14.

Art. 14. Under this article the Moderator reported that he had appointed John S. Allen, Francis Dalton and Amos Parker a Committee to revise the By-Laws, Building Laws and Zoning Laws of the town and report at some future meeting.

T. P. Chandler, the Committee of one, appointed to investigate shortage of fund in tax collector's office in 1926, made a report of progress and stated he would make a further report at some future town meeting.

Mr. Fitzhenry, a member of the Committee on White's Crossing to bring recommendations into the town as to its abolition, asked to have report of committee lay over until article in this town's meeting warrant in regard to this matter come up for discussion. Question allowed by Moderator.

On motion made and seconded, it was voted to take up article 22.

Art. 22. On being asked by the Moderator, Mr. Fitzhenry of the Planning Board reported that a hearing had been held by the Planning Board in reference to this article on Jan. 8, 1932. Mr. Fitzhenry stated that this zoning change comes under the same heading as the articles on zoning that were postponed at the town meeting held last December. The agreement at that meeting was that all the articles in the December warrant be allowed to lay over until some time later and they were indefinitely postponed to be taken up at a future town meeting.

Voted, that article 22 be indefinitely postponed.

Affirmative	59
Negative	0 (Motion carried)

On motion made and seconded, it was voted to take up article 47. Relative to construction of sewers, in 1932.)

Art. 47. (Referring to Construction of Sewers by Town in 1932)

Voted, that this article be indefinitely postponed.

On motion made and seconded, it was voted to take up article 49.

Art. 49. (Change of Zoning property of Anthony & Elizabeth Marine, County St.) Mr. Fitzhenry reported that the Planning Board had held a hearing on this question on July 31, 1930. He stated that the Planning Board made no objection but that neighbors did—a report was submitted at that time that the Planning Board had not objected.

The Moderator, Mr. Caldwell, stated that over a year elapsed since the time of hearing and time of action and ruled that while he is Moderator he will not allow action on any change of zoning unless the hearing on such change has been held within a year. The Moderator stated he could entertain no motion on this article as the hearing was held in July 1930.

On motion made and seconded, it was voted to take up article 58.

Art. 58. *Voted*, that the Town accept Allen Road as shown on a plan made by E. Worthington dated May 21, 1931 and in accordance with said plan and layout as approved by the Board of Survey and on file with the Town Clerk.

On motion made and seconded, it was voted to take up article 60.

Art. 60. (Relative to purchase of "Wednesday Club" in E. Walpole for a Public Library) *Voted*, that this article be indefinitely postponed.

On motion made and seconded, it was voted to take up article 62.

Art. 62. (Change of property of Joseph Versackas) Mr. Fitzhenry reported that the Planning Board had held a hearing on this matter on Jan. 8, 1932. The Town Planning Board recommends that the property as described be changed as to zoning. Mr. Donnell objected to change of zoning as he heard that the owner proposed to run a duck farm.

Mr. Fitzhenry stated the change desired was 100 ft. back and 230 ft. frontage and was desired for a change of his pumps.

Mr. Dalton stated that if anything detrimental to health was started it would and could be easily stopped.

On being put to a vote, it was *Voted*,

Affirmative........17
Negative..........37

The Moderator ruled that the motion was lost.

On motion made and seconded, it was voted to take up article 68.

Art. 68. (Change of zoning property of Josephine Calf). Mr. Fitzhenry reported that the Planning Board had held a hearing on this matter Sept. 8, 1931. He stated that Mr. Calf was willing to let the matter lay over until some time later as agreed at the December meeting.

Voted, that this article be indefinitely postponed.

Affirmative......37
Negative........ 0 (Motion to postpone carried)

On motion made and seconded, it was voted to take up article 69.

Art. 69. Mr. Fitzhenry reported that the same thing applies to this article as the other articles that were in the December 1931 warrant. It was voted to indefinitely postpone this article in December 1931.

On motion made and seconded, That this article be indefinitely postponed it was *Voted*,—

Affirmative.....:41
Negative........ 0 (Motion to postpone carried.)

On motion made and seconded, it was *Voted* to take up article 14

Art. 14. Under this article a general discussion on the unemployment situation was held. Reports were read for Selectmen by Mr. Easton; for the Board of Public Welfare by Mr. Delaney. Other remarks were made by Mr. Fitzhenry, Mr. Richard Higgins, Mr. Libby, Mr. Kendall, Mr. Chandler, and Mr. Duncan. Mr. P. R. Allen recommended that work be done on the town forest.

Voted, that this meeting adjourn until 7.30 P. M. Feb. 15, 1932 with the understanding that we again adjourn until 7.30 P. M. Feb. 23, 1932.

ADJOURNED TOWN MEETING

February 23, 1932

Commonwealth of Massachusetts

Norfolk, ss:

Pursuant to the adjournment of the Annual Adjourned Town Meeting held Feb. 15, 1932, the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, met in the auditorium of the High School, in said Walpole, on

Tuesday, February 23, 1932 at 7.30 o'clock P. M.

On motion made and seconded, it was

Voted, that the recommendations of the Appropriation Committee serve as motions at this meeting and at any adjournment thereof.

On motion made and seconded, it was,

Voted, that we reconsider action taken under Article 2.

Art. 2. On motion made and seconded, it was

Voted, that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1932, to an amount not exceeding in the aggregate Four Hundred Fifty Thousand Dollars ($450,000.00), and to issue a note or notes therefor, payable within one year and to renew such note or notes as may be given for a period of less than one year in accordance with section 17, Chapter 44, General Laws; Any debt or debts incurred under this vote to be paid from the revenue of the financial year beginning January 1, 1932.

Affirmative	64
Negative	0

On motion made and seconded, it was *Voted* to take up Article 14.

Art. 14. *Voted*, that the Town instruct the Selectmen and all Departments of the Town requiring an appropriation to prepare and submit their budgets to the Appropriation Committee on or before December 15th, on blanks supplied by the Appropriation Committee.

Under this article a general discussion relative to the tax rate and appropriations and assessments was held. Mr. Easton, Chairman of the Selectmen, cautioned the voters in regard to making excessive appropriations and its effect on the tax rate.

In answer to Mr. Anderson's question relative to the revenue deficit in the 1931 accounts, Mr. Easton stated the explanation was as given by the Director of Accounts in his letter to the Appropriation Committee and published in the report. He stated that he thought the Auditors were at fault in not calling the matter to the particular attention of the Selectmen in their printed report.

Other speakers relative to tax assessments were Mr. P. R. Allen, Mr. Gould, Mr. Anderson, Mr. Hale and Mr. Bock.

Art. 6. *Voted*, that the Town raise and appropriate the sum of $230.00 for the Thomas H. Crowley Post, No. 104, American Legion, to be used for Memorial Day exercises, including the decoration of all graves of soldiers and sailors of Walpole.

Art. 7. *Voted*, that the Town raise and appropriate the sum of $3,300.00 to provide for compensation under the workmen's Compensation Act for its laborers, workmen and mechanics, firemen, police, and all other town employees receiving injury out of and in the course of their employment.

Art. 8. *Voted*, that the Town raise and appropriate the sum of $4,216.90 to pay its proportionate share of the Norfolk County Hospital maintenance for the year 1931.

Art. 9. *Voted*, that the Town raise and appropriate the sum of $2,000.00 for the employment of a District Nurse, or other nurses.

Art. 10. Moved and seconded, That the Town raise and appropriate the sum of $450 for the employment of a Dental Hygienist.

On substitute motion made by Dr. Wm. H. Maguire, Health Officer, and duly seconded, it was

Voted, that the Town raise and appropriate the sum of $1660.00 for the salary and expenses of the Dental Hygienist for the ensuing year.

Art. 11. Moved and seconded, that this article be indefinitely postponed.

A substitute motion was presented by Mr. R. H. Hennessey but the Moderator ruled that action must be taken on the substitute motion of Mr. Hennessey under article 14. The original motion was then taken up and it was

Voted, that this article be indefinitely postponed.

Art. 12. *Voted*, that the Town raise and appropriate the sum of $500.00 to pay the rent of the Thomas H. Crowley Post No. 104 American Legion, in the I. O. O. F. Block, West Street, for the year 1932, in accordance with Section 9, Chapter 40 of the General Laws.

CHARITIES, SOLDIERS' BENEFITS AND BUREAU OF OLD AGE ASSISTANCE

On motion made and seconded, it was voted that further action under this article be laid on the table.

A motion was made and seconded, That we take up article 14 but it was voted in the negative.

Art. 13. Moved and seconded that the sum of $15,000 be raised and appropriated for Board of Public Welfare expenses.

At this point Mr. John C. O'Brien asked for an explanation as to the 5% voluntary contributions by the town employees. Mr. Allen, chairman of the Appropriation Committee explained very plainly in regard to these contributions and stated it was estimated they would amount to about $8,000 so the Welfare appropriation had been reduced that much as the contributions were to be given to the Welfare department for their expenses.

Mr. Rogers also explained relative to the contributions made by the School employees.

Mr. O'Brien stated that he believed that this was not the proper way to handle the matter and believed that the town should vote on whether the salaries of the town employees should be reduced but he did not mean the laborers but rather those who were receiving large salaries like the town accountant and town engineer. Mr. Allen, chairman of the Appropriation Committee, stated that the Appropriation Committee had not considered town laborers in estimating the contributions but only those who had regular positions. Mr. Anderson stated that as Mr. O'Brien had started the ball a rolling he wished to state that he believed the town employees should receive a 10% reduction in salary in as much as the factory employees had received one.

Mr. Libby, Town engineer, at this point spoke very emphatically against a 10% reduction in salaries of the town employees or for any pay of town employees. He stated that a town cannot be compared to a business industry for an industry is run to make money while a town is run for service. He said that the salaries paid to town officials in Walpole were very low and referred in particular to the salaries of the town treasurer and collector of taxes who receive but $1500 salary with no clerical help provided by the town. He also referred to Mr. O'Brien's remark relative to high salary paid the town accountant who, Mr. Libby stated, worked all day and much overtime for $2300 while Mr. O'Brien on a part time job had received $2200.00 in 1931.

The original motion was then taken up and it was *Voted* to raise and appropriate for

Board of Public Welfare:		
Expenses		$15,000.00
Bureau of Old Age Assistance:		
Salaries	$350.00	
Expenses	11,150.00	
		$11,500.00
Soldiers' Benefits (Relief)		$1,000.00

EDUCATION AND LIBRARY

Moved and seconded, that $165,000.00 be raised and appropriated for School Department, Salaries and expenses.

Mr. Easton asked for a more detailed account of the School appropriation. Mr. Rogers answered giving the cost of school operations. Mr. Easton asked for information in regard to transportation expense. Mr. Hennessey and Mr. John White spoke in favor of the school committee for the way they had handled the transportation problem.

Mr. Easton then presented an amendment "that $161,000 be raised and appropriated for the Schools."

At this point on motion made and seconded, it was *Voted*, that this meeting be adjourned until Monday, February 29, 1932 at 7.30 P. M. in this hall.

ADJOURNED TOWN MEETING

Commonwealth of Massachusetts

February 29, 1932

Norfolk, ss:

Pursuant to the adjournment of February 23, 1932, an Adjourned Town Meeting was held in the Auditorium of the High School in the Town of Walpole on

MONDAY, THE 29TH DAY OF FEBRUARY, 1932 AT 7.30 P. M.

The meeting was called to order at 7.30 P. M. by Henry W. Caldwell, the Moderator.

On motion made and seconded by Mr. P. R. Allen, it was *Voted*, that we postpone any further action on making department appropriations so we can discuss the tax problems in general.

Voted to take up article 14.

Art. 14. Under this article Mr. P. R. Allen suggested a moratorium for discussions—and hoped there would be a free discussion of all tax problems.

Moved and seconded: That the Assessors take up immediately a revaluation of all land in the town of Walpole in 1932: that the Taxation Committee that has served this last year be asked to continue in office until a standard method has been adopted or approved which will assure to each property owner a uniform basis of assessment.

Under this motion there was a general discussion on property valuations, those taking part being Mr. Allen, Mr. Jepson, Mr. Gould and Mr. Ballou.

On being put to a vote, it was

Voted: **That the Assessors take up immediately a revaluation of all land in the town of Walpole in 1932: that the Taxation Committee that has served this last year be asked to continue in office until a standard method has been adopted or approved which will assure to each property owner a uniform basis of assessment.**

Voted to take up article 13.

Art. 13. On motion made and seconded, it was *Voted*, to reconsider the street lighting appropriation of $14,500. *Voted*, that action on the St. Lighting appropriation be laid on the table.

After a general discussion on the subject of all night lighting or lighting until 1 A. M.,—on motion made and seconded, it was

Voted, that the matter of street lighting be referred to the Appropriation Committee and the Board of Selectmen who shall have a conference with the Edison Electric Illuminating Company to ascertain if it is possible to decrease the candle power of some of our lights or cut out some now used and thus get an all night schedule for the amount asked instead of only until 1 A. M.

Voted to take up article 14.

Art. 14. *Voted*, to take up the subject of Education. Mr. Bateson, chairman of the School Committee discussed the school appropriation as asked for by the School Department, explaining the same in detail. The question of transportation for school children was taken up by Mr. Bateson. Mr. Pierce of the Pierce Bus Lines explained the transportation routes to different parts of the town and answered questions in regard to transportation. Mr. Milliken claimed the busses are not safe and are not kept up in shape and recommended that an investigation be made to see that the busses are kept in suitable condition.

Mr. Hennessey spoke in favor of the transportation of the school children as given the town by the Pierce Bus lines.

At this point Mr. Anderson spoke of the condition of the town as it has over $80,000 in uncollected taxes. Mr. Donnell asked for a statement from the Treasurer as to the town's financial condition. Mr. Whiting explained the assets and liabilities of the town and even with the uncollected taxes, the credits are good to more than $20,000.00. Mr. Whiting stated that there is small chance of losing the taxes on real estate as almost any piece of property in Walpole would be bid in for the taxes.

Voted to adjourn until March 11, 1932 at 7.30 P. M.

On motion made and seconded, it was *Voted* to take up Article 14.

Art. 14. Mr. Allen, Chairman of the Appropriation notified the voters that with the appropriations made his Committee estimated that the tax rate would be $27.67 per $1000.

Mr. R. H. Hennessey asked the opinion of the town counsel relative to accepting a gift of money for building a sidewalk, if it could be accepted under this article 14. The town counsel was of the opinion that the matter of accepting should be left to another meeting and that an article covering the matter should be in the warrant. The Moderator ruled with the town counsel that the matter should be left to another meeting. Mr. Hennessey accepted the explanation but wanted to be assured that the gift would stand and was told by the town counsel that he had assurance that it would.

Mr. Hennessey made a report for the Unemployment Committee and stated that in the drive for $10,000 toward relief for the unemployed the Committee had so far received $2800 and that about $500 worth of labor had been promised. Mr. Allen, chairman of the Appropriation Committee, stated that many articles in the warrant on which appropriation had been made, were recommended by the Committee for the relief of unemployment. This was in answer to a statement by a previous speaker that the town had not done anything toward relieving the unemployment situation. Mr. Allen stated that if it had not been for helping out on the unemployment situation the Committee would have recommended postponement of several articles and saved from $1.50 to $2.00 on the tax rate.

There being no other business to come before the meeting at 8.25 P. M. it was *Voted*, that this meeting be dissolved.

TOWN MEETING WARRANT
Commonwealth of Massachusetts

Norfolk, ss.

To either Constable in the Town of Walpole,

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of the Town of Walpole, qualified to vote in elections and Town affairs, to meet in the Auditorium of the High School Building, in said Walpole, on MONDAY, THE EIGHTH DAY OF AUGUST, 1932 AT 8:00 O'CLOCK P. M., then and there to act on the following articles:

Art. 1. To raise and appropriate, or transfer, such sums of money as may be necessary to defray the expenses of the Town for the balance of the municipal year.

Art. 2. To hear and act on the report of any Committee, or to choose any Committee the Town may think proper, and transact any other business that may legally come before the Town.

Art. 3. To see if the Town will vote to change from single residence district zone to business district zone the following described premises of Margaret H. Urmston, or to so change any part thereof: Beginning at the point of intersection of land of Josephine Calf and land of Margaret H. Urmston and the New State Highway known as the Boston-Providence Turnpike, thence running N 51° 21′ 10″ E, 350 feet along the westerly side line of said State Highway to a point, thence N 38° 38′ 50″ W, 100 feet to a point, thence turning S 91° 21′ 10″ W and running 350 feet to a point, thence S 38° 38′ 50″ E, 100 feet to the point of beginning. Said State Highway is shown on Sheet 3 of a Plan entitled "Plan and Profile of proposed State Highway in the Town of Walpole, March 19, 1931." (Petition of Margaret H. Urmston.)

Art. 4. To see if the Town will vote to change from single residence district zone to business district zone the following described premises of Josephine Calf, or to so change any part thereof: Beginning at a point in a wood road bearing N 51° 21′ 10″ E, 10 feet from the land of Margaret H. Urmston on the easterly side of the New State Highway known as the Boston-Providence Turnpike, thence N 51° 21′ 10″ E, 250 feet on the easterly side line of said street to a point, thence S 38° 38′ 50″ E, a distance of 100 feet to a point near the land now or formerly of Nancy L. Dorr et al., thence turning S 51° 21′ 10″ W and running a distance of 250 feet to a point, thence N 38° 38′ 50″ W, 100 feet to the point of beginning. Above mentioned State Highway is shown on Sheets 3 and 4 of plan entitled "Plan and Profile of proposed State Highway in Town of Walpole, March 19, 1931." (Petition of Josephine Calf.)

Art. 5. To see if the Town will vote to change from single residence district zone to business district zone the following described premises of Joseph and Sophie Versackas, or to so change any part thereof: Beginning at a Massachusetts Highway bound on the southeasterly line of Main Street at the point of tangency of a curve with a radius of 1840 feet; thence N 57° 32′ 48″ E, 230 feet along the southeasterly line of Main Street to a point, thence S 32° 27′ 12″ E, a distance of 100 feet to a point, thence turning S 57° 32′ 48″ W and running a distance of 230 feet to a point, thence N 32° 27′ 12″ W, 100 feet to the point of beginning. Said Main Street is shown on a plan entitled "Plan of Road in the Town of Walpole, Norfolk County, altered and laid out as a State Highway by the Department of Public Works, Division of Highways, December 26, 1923." (Petition of Joseph Versackas)

Art. 6. To see if the Town will vote to accept a report of the Board of Selectmen acting as a Board of Survey, relative to the layout of Oak Street, from Main Street to South Street, as per report and plan filed in the office of the Town Clerk, July 21, 1932.

Art. 7. To see if the Town will vote to accept a report of the Board of Selectmen acting as a Board of Survey, relative to the layout of Lake Avenue from Common Street to Massachusetts Avenue as per report and plan filed in the office of the Town Clerk, January 9, 1932.

Art. 10. To see if the Town will vote to extend its 6″ water main from the end of the present main on Main Street, northerly 200 feet, subject to a 6% guarantee, raise and appropriate or transfer money therefor, or do or act anything in relation thereto. (Petition of George Knoll.)

Art. 11. To see if the Town will vote to install a 6″ water main on Allen Road, from Hoover Road to Mylod Street, subject to a 6% guarantee, raise and appropriate or transfer money therefor, or do or act anything in relation thereto. (Petition of A. K. Neviackas).

Art. 12. To see if the Town will vote to accept a portion of the Lewis F. Fales Estate as an addition to the Town Forest Area, said portion to be donated by Phillip R. Allen and described as follows: Beginning at a stone bound at land of Severe Auclair and the Town of Walpole, thence S 66° 15′ E along land of Town of Walpole and Gardner Washburn one thousand two hundred seven and sixty-four hundredths (1207.64) feet to a stone bound, thence N 86° 36′ 22″ E along land of said Washburn seven hundred twenty and forty-seven hundredths (720.47) feet to an iron pipe in the center of school Meadow Brook, thence southwesterly along the course of said brook to a point at land of Joseph Boyden Estate, thence along land of said Boyden Estate N 82° 33′ 15″ W three hundred seventy-two and fifty-two hundreds (372.52) feet to a point, thence S 54° 17′ 30″ W along land of said Boyden Estate five hundred eighty-six and seventeen hundredths (586.17) feet to a stone bound, thence S 07° 34′ W along land of said Boyden one hundred sixty-eight and thirty-five hundredths (168.35) feet to a point, thence S 22° 45′ 30″ E along land of said Boyden Estate ninety-six and seventy hundredths (96.70) feet to an iron pipe in a stone wall, thence N 43° 35′ 5″ W by land of L. F. Fales Estate one thousand two hundred seventy-eight and sixty-nine hundredths (1278.69) feet to a point at the intersection of two stone walls at land of Severe Auclair, thence N 51° 17′ 30″ W by a stone wall along land of said Severe Auclair two hundred seventy-two and twenty hundredths (272.20) feet to an iron pipe, thence N 50° 46′ E along land of said Auclair three hundred twenty-five and sixty-three hundredths (325.63) feet to the point of beginning. Said parcel being part of Land Court Case 11287A and containing nine hundred thirty-six thousand five hundred sixty (936,560) square feet more or less and to be known as the "Fales Woods" in memory of the Late Lewis F. Fales. For a more complete description, see Plan on file with the Town Clerk entitled "Plan of Portion of Lewis F. Fales Estate, F. F. Libby, Town Engineer, July 18, 1932."

Art. 13 To see if the Town will vote to accept a report of the Board of Selectmen acting as a Board of Survey, relative to the layout of Neponset Avenue, from Main Street to Lewis Avenue as per report and plan filed in the office of the Town Clerk, March 3, 1932.

Art. 14 To see if the Town will vote to accept a report of the Board of Selectmen acting as a Board of Survey, relative to the layout of Lewis Avenue, from Common Street to a point 700 feet southerly thereon from intersection of same with Common Street by 1885 layout, as per report and plan filed in the office of the Town Clerk, March 3, 1932.

Art. 15. To see if the Town will vote to accept a report of the Board of Selectmen acting as Board of Survey, relative to the layout of South Street, from Pine Street to Washington Street, as per report and plan filed in the office of the Town Clerk November 5, 1931.

Art. 16. To see if the Town will vote to accept a report of the Board of Selectmen acting as a Board of Survey, relative to the layout of Lewis Street, from East Street to Plympton Street, as per report and plan filed in the office of the Town Clerk, June 2, 1932.

Art. 17. To see if the Town will authorize the Town Treasurer to convey to the Edison Electric Illuminating Company of Boston for the sum of one dollar, all rights of passage over and through premises of said Company located on the westerly side of Main Street, Walpole, acquired by the Town by Taking of the Sewer Commissioners by Order of Taking dated January 8, 1932, saving and excepting such rights in a certain 20 foot right of way secured by said taking and saving and excepting such rights over and through a triangular portion of the said premises starting at the easterly intersection of said 20 foot right of way and the property line of Mary E. KATHERINE J. HIGGINS.

SPECIAL TOWN MEETING

August 8, 1932

Commonwealth of Massachusetts

Norfolk, ss:

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, was held in the Auditorium of the High School in said Walpole on

MONDAY, THE EIGHTH DAY OF AUGUST, 1932 AT 8 O'CLOCK P. M.

The meeting was called to order at 8 P. M., by Henry W. Caldwell, Moderator.

On motion made and seconded, it was *Voted*, to waive the reading of the warrant.

Art. 1. *Voted*, that the sum of $4800.00 be raised and appropriated for INTEREST.

Art. 2. No action taken under this article.

Art. 3. (Change of zoning from single residence district to business district of property of Margaret H. Urmston). Mr. Fitzhenry of the Town Planning Board reported that this article and one following had been discussed in open town meeting some time ago and at that time it was agreed between the owners of land and the voters that no change of zoning would be made until the completion of the new super highway and there was a completion of a definite plan by the Board of Conservation of the State. He stated that the property would be more valuable if there were not too many gasoline stations and he reported that the Planning Board does not at this time recommend a change of zoning.

Voted, that article 3 be indefinitely postponed.

Art. 4. *Voted*, that article 4 be indefinitely postponed. (Change of zoning at property of Josephine Calf.)

Art. 5. (Change of zoning from single residence district to business district of property of Joseph and Sophie Versackas) Mr. Sheehan of the Planning Board reported that a hearing had been held on the subject of this article but the Planning Board recommend that this article be indefinitely postponed.

Voted, that article 5 be indefinitely postponed.

Art. 6. *Voted*, that the *Town* accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the layout of *Oak Street*, from Main Street to South Street, as per report and plan filed in the office of the Town Clerk July 21, 1932.

Art. 7. *Voted*, that the Town accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the layout of *Lake Avenue* from Common Street to Massachusetts as per report and plan filed in the office of the Town Clerk January 9, 1932.

Art. 8. *Voted*, that the Town accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the layout of *Prospect Street*, from Lake Avenue to Massachusetts Avenue, as per report and plan filed in the office of the Town Clerk February 18, 1932.

Art. 9. *Voted*, that the Town accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the layout of *Grover Street*, from Lake Avenue to Massachusetts Avenue, as per report and plan filed in the office of the Town Clerk, February 18, 1932.

Art. 10. *Voted*, that the Town extend its 6″ water main from the end of the present main on Main Street, northerly 200 feet, subject to a 6% guarantee and that the sum of $400 be raised and appropriated therefor.

(An amendment to above article which would strike out the 6% guarantee was voted down.)

Art. 11. *Voted*, that the Town install a 6″ water main on Allen Road, from Hoover Road to Mylod Street, subject to a 6% guarantee and that the sum of $1,750.00 be raised and appropriated therefor.

Art. 12. Mr. Libby, the Town Engineer, recommended that the Town accept the land described in this article as it would be a valuable addition to its Water Shed and Town Forest Area.

Voted, that the *Town* accept a portion of the Lewis F. Fales Estate as an addition to the Town Forest Area, said portion to be donated by Philip R. Allen and described as follows: Beginning at a stone bound at land of Severe Auclair and the Town of Walpole, thence S 66° 15′ E along land of Town of Walpole and Gardner Washburn one thousand two hundred seven and sixty-four hundredths (1207.64) feet to a stone bound, thence N 86° 36′ 22″ along land of said Washburn seven hundred twenty and forty-seven hundredths (720.47) feet to an iron pipe in the center of School Meadow Brook, thence southwesterly along the course of said brook to a point of land of Joseph Boyden Estate, thence along land of said Boyden Estate N 82° 33′ 15″ three hundred seventy-two and fifty-two hundreds (372.52) feet to a point, thence S 54° 17′ 30″ W along land of said Boyden Estate five hundred eighty-six and seventeen hundredths (586.17) feet to a stone bound, thence S 07° 34′ W along land of said Boyden one hundred sixty-eight and thirty-five hundredths (168.35) feet to a point, thence S 22° 45′ 30″ E along land of said Boyden Estate ninety-six and seventy hundredths (96.70) feet to an iron pipe in a stone wall, thence N 43° 35′ 5″ W by land of L. F. Fales Estate one thousand two hundred seventy-eight and sixty-nine hundredths (1278.69) feet to a point at the intersection of two stone walls at land of Severe Auclair, thence N 51° 17′ 30″ W by a stone wall along land of said Severe Auclair two hundred seventy-two and twenty hundredths (272.20) feet to an iron pipe, thence N 50° 46′ E along land of said Auclair three hundred twenty-five and sixty-three hundredths (325.63) feet to the point of beginning. Said parcel being part of Land Court Case 11287A and containing nine hundred thirty-six thousand five hundred sixty (936,560) square feet more or less and to be known as the "Fales Woods" in memory of the Late Lewis F. Fales. For a more complete description, see Plan on file with the Town Clerk entitled "Plan of Portion of Lewis F. Fales Estate, F. F. Libby, Town Engineer, July 18, 1932."

Art. 13. *Voted,* that the Town accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the layout of *Neponset Avenue,* from Main Street to Lewis Avenue as per plan and report filed in the office of the Town Clerk March 3, 1932.

Art. 14. *Voted,* that the Town accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the layout of *Lewis Avenue,* from Common Street to a point 700 feet southerly thereon from intersection of same with Common Street by 1885 layout, as per report and plan filed in the office of the Town Clerk March 3, 1932.

Art. 15. *Voted,* that the Town accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the layout of *South Street,* from Pine Stret to Washington Street, as per report and plan filed in the office of the Town Clerk November 5, 1931.

Art. 16. *Voted,* that the Town accept the report of the Board of Selectmen, acting as a Board of Survey, relative to the layout of *Lewis Street,* from East Street to Plimpton Street, as per report and plan filed in the office of the Town Clerk June 2, 1932.

Art. 17. *Voted,* that that Town authorize the Town Treasurer to convey to the Edison Electric Illuminating Company of Boston for the sum of one dollar, all rights of passage over and through premises of said Company located on the westerly side of Main Street, Walpole, acquired by the Town by Taking of the Sewer Commissioners by Order of Taking dated January 8, 1932, saving and excepting such rights in a certain 20 foot right of way secured by said taking and saving and excepting such rights over and through a triangular portion of the said premises starting at the easterly intersection of said 20 foot right of way and the property line of Mary E. Marson, thence easterly along said line of Mary E. Marsan 70 feet to a point; thence southwesterly 104 feet in a straight line to a point on the easterly side line of said 20 foot right of way 90 feet distant from the point of beginning, thence to point of beginning.

Art. 18. Mr. Allen, Chairman of the Appropriation Committee, explained that at this time the Committee was not making any recommendation for an appropriation for Law as the Committee by transfer from the Reserve Fund of $270.00 had thus restored the expense appropriation for Law which had been used in the payment of an attorney's bill not provided for in the appropriation made at the annual meeting. He also explained that the Committee was only making a recommendation of $1,000 for Soldiers' Relief as some work could be provided under the water extensions voted at this meeting and in improvement at Parks and School Grounds to be recommended under article 22.

Voted, that the Town raise and appropriate the sums of $1,000 for Soldiers' Relief and $27.05 for Memorial Day.

Art. 19. Mr. O'Brien, town counsel, explained that the work as recommended under this article was recommended as an unemployment relief and the work would be paid for by Mr. Axel H. Anderson.

Voted, that the Town build a cement concrete sidewalk on the southerly side of Union Street, about 70 feet and from property line of Axel H. Anderson and Mary Brennan to property line of said Anderson and land formerly of William F. Carberry and to pay for the same out of Axel H. Anderson Fund, when, as, and if the same shall be deposited with the Town Treasurer by Axel H. Anderson in the amount estimated necessary therefor by the Town Engineer.

Art. 20. Mr. Sheehan member of the Town Planning Board, stated a hearing had been held by the Board and the Board recommended that this change of zoning be made.

The Moderator at this point appointed Charles Roundy and Timothy E. Delaney as Tellers and they were sworn into office by the Moderator.

On motion made and seconded, "that the Town change from one family residence zone to business district zone the following portion of the land of Anthony and Elizabeth Marine on the southerly side of County Street; commencing at the northwesterly corner of the property of the said Anthony and Elizabeth Marine, thence along the line of the said County Street 251.1 feet to an iron rod, being the northeasterly corner of the property, thence along the easterly line of the property 100 feet to a point, thence by a line parallel to the line of County Street to westerly boundary of the property, thence along said westerly line about 100 feet to the point of beginning", it was *Voted,*—Affirmative 105; Negative—None. The Moderator ruled that the motion was carried.

Art. 21. Mr. Libby, town engineer, read the vote taken at the town meeting February 25, 1929 whereby it was voted to build a sidewalk on Main Street and explained that from the vote it could not be determined just where the sidewalk was to be built.

Voted that the Town rescind the action taken at the Adjourned Town Meeting of February 25, 1929 under article 14 of the warrant therefor, namely to construct a sidewalk on Main Street, and that the balance of $1,664.03 remaining in the account therefor be transferred to build a cement concrete sidewalk on the southeasterly side of Main Street from Front Street southerly to the Neponset River and from the Neponset River on the northwesterly side of Main Street to the Railroad Bridge of the N. Y. N. H. & H. R. R. Co., or any portion thereof.

Art. 22. *Voted*, that the Town raise and appropriate the sum of $7,000 for filling in and improvement of Memorial Park and various School Grounds, with permission to purchase a dump truck, the same to be expended under the direction of the Town Engineer.

Art. 23. Under this article Mr. O'Brien, town counsel, explained that no provision had been made to cover fire insurance on the Blackburn Memorial Building, so-called and that Mr. Harry A. Whiting was looking after this personally and that the town should reimburse him.

Mr. Henry W. Caldwell, Moderator, a member of the Building Committee on the Blackburn Memorial Building, at this point turned the chair over to Miss Higgins, the Town Clerk, so that he could explain relative to the question of insurance on the building. Mr. Caldwell explained that through a ruling of the State Director of Accounts, the interest from the fund left by Mrs. Nevins to build the building was to go to the Town, he was of the opinion that the Town should appropriate money to insure it.

Mr. Caldwell again took the chair.

Voted, that the Town raise and appropriate the sum of $175.00 for the placing of fire insurance upon the Blackburn Memorial Building, so-called.

Art. 24. *Voted*, that the Town cause a Land Court Survey to be made of Asbury Park, so-called, and to procure the registration of said Asbury Park and that the sum of $250.00 be raised and appropriated therefor, the same to be expended under the direction of the Town Engineer.

Art. 25. *Voted*, that the Town raise and appropriate the sum of $3,000.00 for Highway Maintenance, the same to be expended under the direction of the Town Engineer.

Art. 26. *Voted*, that the Town authorize the Town Engineer to trade Chevrolet truck in Highway Department for a new Chevrolet truck.

Voted, that this meeting be dissolved.

Norfolk, ss:

To either Constable in the Town of Walpole,

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of Precinct 1, of said Town of Walpole, who are qualified to vote in elections, to meet in the Town Hall, in said Walpole, and the inhabitants of Precinct 2, of said Town of Walpole, who are qualified to vote in elections, to meet in the East Walpole Fire Station in East Walpole, and the inhabitants of Precinct 3, of said Town of Walpole, who are qualified to vote in elections, to meet in the Community House, in South Walpole, on

TUESDAY NEXT AFTER THE FIRST MONDAY IN NOVEMBER, IT BEING THE EIGHTH DAY OF SAID MONTH, IN THE YEAR ONE THOUSAND NINE HUNDRED AND THIRTY-TWO at

5.45 o'clock in the forenoon, to bring in their votes for the following officers and questions, to wit:

Electors for President and Vice President of the United States; Governor; Lieutenant Governor; Secretary; Treasurer; Auditor; Attorney General; all for this Commonwealth; One Representative in Congress for the Fourteenth Congressional District; One Councillor for the Second Councillor District; one Senator for the Norfolk and Middlesex Senatorial District; one Representative in General Court for the Eighth Norfolk Representative District; two County Commissioners for Norfolk County; one Sheriff for Norfolk County; one Treasurer (to fill vacancy) for Norfolk County; and to vote on the following questions:

QUESTIONS

Question No. 1—Law Proposed by Initiative Petition.

Shall the proposed law which defines and legalizes the practice of chiropractic; establishes a board of registration of chiropractors and defines the number, mode of appointment, tenure, qualification and compensation of its members, and its powers and duties; provides for the preliminary qualifications, examinations, certification, original registration and annual license of chiropractors and regulation of their practice, and defines the mode, subjects of and fees for examination, the mode of practice and penalties; and other matters related thereto, which are chiefly as follows:

That chiropractic be "the science or practice of locating and adjusting by hand the malpositions of the articulations of the human spine."

That any person, with one preceding year's residence in this Commonwealth and with degree from a qualified chiropractic school received at least one year prior to the date when this law takes effect, may, within ninety days after such date, be certified by the board at its discretion without examination.

That otherwise no person, except a member of the board of registration, shall practice chiropractic unless, being over twenty-one years of age, of good moral character and graduated from a reputable chiropractic school after personally attending courses of at least twenty-two hundred sixty minute daylight hours given to persons qualified to graduate from a public high school, he shall qualify by examination, pay a fee of twenty-five dollars and be registered and certified, except that any person licensed in another State maintaining standards equal to those of this commonwealth may be registered without examination.

That the examination be scientific and practical in character, in subjects including anatomy, physiology, symptomatolgy, hygiene, sanitation, chemistry, histology, pathology, chiropractic analysis, and the principles and practice of chiropractic.

That the board may, after hearing, revoke a certificate for cause.

That the Board shall make an annual report and shall keep public records of proceedings and of the names of persons examined or registered by it and of the names and addresses of all registered chiropractics who shall pay an annual license fee, promptly notify the Board of any change in address and furnish such other information as the board may require.

That the board consist of three members, residents of the Commonwealth for three years, graduates of a chartered chiropractic school having power to confer degrees in chiropractic, to be appointed by the Governor, with the advice and consent of the council, for a term of three years.

That the board have authority to administer oaths, summon witnesses and take testimony and adopt reasonable rules and regulations pertaining to their duties, and that they pay into the state treasury fees received by them, and that they receive compensation and reimbursement for expenses in such amounts as may be annually appropriated therefor not exceeding the amount of such fees.

Penalties are provided for practicing chiropractic without holding a certificate or for using the words "Chiropractic

Practitioner" the letters "D. C.", or any title or letters indicating engagement in such practice, or for buying, selling or fraudulently obtaining any diploma or record of registration.

It is further provided that the present law relating to the registration of physicians and surgeons and providing penalties for the unauthorized practice of medicine shall not be held to discriminate against registered chiropractors; but no chiropractor, unless registered as a physician or surgeon, may practice obstetrics, or administer drugs, or perform surgical operations by the use of instruments, or hold himself out as and for other than a chiropractor, which was disapproved in the House of Representatives by a vote of 50 in the affirmative and 151 in the negative and in the Senate by a vote of 13 in the affirmative and 21 in the negative, be approved?

Question No. 2—Law Proposed by Initiative Petition.

Shall the proposed law which provides for additional method of nominating candidates for nomination, at the State primaries in September, by members of political parties, for those offices to be filled by all the voters of the Commonwealth at a state election,

It provides that the state conventions of the political parties, in each state election year, shall be held before and not after the state primaries, as now, namely, not later than June 15. In order to elect delegates to such party conventions, party primaries are established to be held on the last Tuesday in April. Among other things, these state conventions, may endorse candidates for offices to be filled by all the voters and to be voted upon at the state primaries. Such endorsement places a candidate in nomination, at such state primaries, without the necessity of filing nomination papers. The name of the endorsed candidate is to be placed first on the ballot and against his name is to be placed the words "Endorsed by (the name of the political party) convention" in addition to the eight-word statement authorized by law. Candidates endorsed by a party convention may accept said endorsement within ten days, and having so accepted may not withdraw.

It also provides for the election of district members of state committees and members of ward and town committees at the proposed party primaries in April, as well as delegates to the state party conventions, instead of at the state primaries in September, as now.

It also provides for the election of delegates to national conventions (to nominate candidates for President) at the proposed party primaries instead of at the primaries, now specially held for that purpose, and which existing law requires to be held on the last Tuesday in April (the same day proposed for the proposed party primaries.)

It also provides for certain other new provisions of law and certain changes in existing laws, relating to hold state conventions and party primaries, the number and election of delegates to state conventions, the number of members at large of a state committee, and other matters, which in more detail chiefly are as follows:

State conventions are to be composed solely of delegates elected at the party primaries, and the number is to be one from each ward and town and one additional for every fifteen hundred votes or major fraction thereof above the first fifteen hundred votes cast at the preceding state election in such ward or town for the political party candidate for Governor, instead of number now fixed by the state committee of each party (not less than one from each ward or town) and certain members designated by existing law.

The time, for notice to the State Secretary by alderman or selectmen of their determination to hold primaries by wards, precincts or groups of precincts, to be March 1, instead of August 1, as now.

The names of candidates for election for delegates to a state convention and for district's members of a state committee to be arranged individually by alphabet instead of in groups arranged by lot, as now.

Vacancies in the office of delegate to a state or national convention not to be filled except in case of a tie vote, and then by delegates from the same district, within ten days, and if no other delegate or if not so filled, then by a state committee, rather than solely by the remaining members of the delegation; and statement of filling of such vacancy to be filed with the State Secretary.

Seating of delegates at state conventions to be in groups by senatorial districts, and order of business at said conventions defined.

Voting on candidates, by a convention, to be by roll call, if more than one candidate for the office, or by groups of delegates unless any member of such group objects.

The number of members at large of a state committee of a political party to be fixed by the state convention of a party instead of by the state committee as now.

The existing provisions as to preparation and filing of nomination papers, objections to nominations, preparation, number, substance, arrangement and form of ballots, hours during which polls shall be opened, opening of ballot boxes, canvass and return of votes, return and certification of votes, now applicable to state primaries to be applicable to the proposed party primaries.

The power of a state committee to fix the number of district delegates to a national convention to be continued, but the date of giving notice to the State Secretary, of such fixation to be March 1, instead of on or before the third Wednesday in March, as now. The power of city and town committee to fix the number of members of ward and town committee to be continued, but the date, of giving notice to the State Secretary, of such fixation to be March 1, instead of August 1, as now, *which was approved in the Senate by a vote of* 21 *in the affirmative and* 17 *in the negative and was disapproved in the House of Representatives by a vote of* 62 *in the affirmative and* 138 *in the negative*, be approved.

Question No. 3—*Proposed Amendment to the Constitution of the United States.*

It is desirable that the proposed amendment to the Constitution of the United States,—

"ARTICLE

"Section 1. The terms of the President and Vice President shall end at noon on the 20th day of January, and the terms of Senator and Representatives at noon on the 3d day of January, of the years in which such terms would have ended if this article had not been ratified; and the terms of their successors shall then begin.

"Sec. 1. The Congress shall assemble at least once in every year, and such meeting shall begin at noon on the 3d day of January, unless they shall by law appoint a different day.

"Sec. 3. If, at the time fixed for the beginning of the term of the President, the President elect shall have died, the vice President elect shall become President. If a President shall not have been chosen before the time fixed for the beginning of his term, or if the President elect shall have failed to qualify, then the Vice President elect shall act as President until a President shall have qualified; and the Congress may by law provide for the case wherein neither a President elect nor a Vice President elect shall have qualified, declaring who shall then act as President, or the manner in which one who is to act shall be selected, and such person shall act accordingly until a President or Vice President shall have qualified.

"Sec. 4. The Congress may by law provide for the case of the death of any of the persons from whom the House of Representatives may choose a President whenever the right of choice shall have devolved upon them, and for the case of the death of any of the persons from whom the Senate may choose a Vice President whenever the right of choice shall have devolved upon them.

"Sec. 5. Sections 1 and 2 shall take effect on the 15th day of October following the ratification of this article.

"Sec. 6. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by the Legislatures of three-fourths of the several States within seven years from the date of its submission,"—be ratified by the General Court?

SPECIAL TOWN MEETING

December 21, 1932

Commonwealth of Massachusetts

Norfolk, ss:

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, was held in the Auditorium of the High School in said Walpole, on

WEDNESDAY, THE TWENTY-FIRST DAY OF DECEMBER, 1932 AT 8 O'CLOCK P. M.

The meeting was called to order at 8 P. M.,by Henry W. Caldwell, Moderator. On motion made and seconded, it was *Voted,* to waive the reading of the warrant.

Art. 1. A motion was presented by Mr Easton, Chairman of the Selectmen, "That the Town transfer the sum of six hundred dollars to the Law Department from the Excess and Deficiency account."

Mr. Easton explained that the amount of this transfer was needed in the Law Dept. in order to pay an outstanding bill of John C. O'Brien, former town counsel, for special services and at the request of Mr. Leach, Mr. Easton explained just what services the bill covered. Mr. McLean, Sec'y. of the Appropriation Committee stated that the Director of Accounts, Mr. Waddell, informed him that a transfer could not be made from the Excess and Deficiency account at this time owing to the fact that there was no "free cash" in that account, therefore no transfers could be made therefrom. Mr. McLean was of the opinion that any transfer made by the town would not have the approval of the Director of Accounts.

Mr. Caldwell, the Moderator, decided to put the motion before the meeting. If it was voted in the affirmative, the matter would be submitted to Mr. Waddell, Director of Accounts, for his approval.

The motion being again put before the meeting, it was " *Voted*, that the Town transfer the sum of six hundred dollars to the Law Dept. from the Excess and Deficiency account."

Affirmative	58
Negative	27

Art. 2. Under this article Mr. Fitzhenry of the Planning Board and a member of the Special Committee on the Abolition of White's Crossing, so-called, at Lincoln Road, made a report of progress as follows which was accepted by the Town.

"December 21, 1932.

The abolition of White's Crossing was started November 1st, having obtained $3750 from the County, State and R. R. (State $1250; Railroad $1250; County $1250). This with our $1500.00 made a total of $5250.00.

The sub grade is all completed having blasted some 500 cubic yards of ledge and made a fill of approximately 5000 cubic yards.

It has provided work for about 20 men and if we have favored weather for the next two weeks we will have our first course of gravel on the road bed.

The final surface will have to be added next spring in order to insure proper surfacing and oiling."

Under this article the Moderator brought up the question whether the voters desired to have the check list used at future town meetings as he said some voters had complained to him that people who were not citizens had voted at town meetings. He thought it would be well to have a motion presented at this time in order to get the sense of the meeting on this subject and on motion by Mr. O'Brien "it was moved and seconded, that the Selectmen be instructed to employ the check list at the annual meeting."

Mr. Towle stated that he hoped this motion will not prevail and he did not think the time had arrived for the necessity of using a check list.

The motion being again put before the meeting "That the Selectmen be instructed to employ the check list at the annual meeting", there was no one voting in the affirmative and the negative vote was "No." The Moderator declared that the motion was lost.

On motion made by Richard H. Kannally and duly seconded, it was *Voted*, that, whereas the price of labor and materials have been materially decreased with no corresponding decrease in Public Utility Rates, the citizens of Walpole, Mass., in town meeting assembled on this twenty-first day of December 1932, demand that the Governor of this Great Commonwealth take the necessary action to procure a downward revision in the rates of the Light, Power, Gas and Telephone Companies supplying this community.

A certified copy of this motion to be forwarded by the Town Clerk to his Excellency, the Governor.

Affirmative	Yes
Negative	None

Art. 3. Moved and seconded, that the Town change from single residence district zone to business district zone the following described premises of Margaret H. Urmston, or to so change any part thereof; Beginning at the point of intersection of land of Josephine Calf and land of Margaret H. Urmston and the New State Highway known as the Boston-Providence Turnpike, thence running N 51° 21′ 10″ E, 350 feet along the westerly side line of said State Highway to a point, thence N 38° 38′ 50″ W, 100 feet to a point, thence turning S 91° 21′ 10″ W and running 350 feet to a point, thence S 38° 38′ 50″ E, 100 feet to the point of beginning. Said State Highway is shown on Sheet No. 3 of a Plan Entitled "Plan and Profile of proposed State Highway in the Town of Walpole, March 19, 1931." (Petition of Margaret H. Urmston.)

The Moderator asked if a hearing had been held on this change of zoning. Mr. Fitzhenry of the Planning Board reported that no hearing had been held within the past year. Mr. Fitzhenry also stated that the Planning Board last year had voted to have a plan of the street layout made in conjunction with the State so that the proper places for filling stations might be noted thereon but that State had not done anything about it up to the present. He stated that at the present time the Planning Board was opposed to the motion being passed at this time.

The Moderator ruled that unless a hearing is held within a year on a change of zoning, his ruling will be that the matter cannot be taken up, unless that State makes some law or the town a by-law to the Contrary.

The Moderator therefore ruled that no action could be taken on this article at this time.

Art. 4. Moved and seconded, "That the Town vote to change from single residence district zone to business district zone the following described promises of William Karol, or to so change any part thereof; Beginning at a stake at the intersection of Main and Bullard Streets, thence N 02° 31′ 00″ W 162 feet along the easterly line of said Bullard Street to a stake; thence N 87° 29′ 00″ E, 64.66 feet to a stake, thence N 15° 28′ 15″ E, 230.51 feet along land now or formerly of Norwood Housing Association to a stake of land at land of Anton Blarzic; thence S 49° 00′ E, 164.00 feet along land of said Anton Blarzic to an iron pipe on the side line of said Main Street; thence turning and running S 41° 00″ W, a distance of 370.00 feet along the side line of said Main Street to the point of beginning. Said parcel is shown on a plan entitled "Plan of land in Walpole, Mass., dated June 1921 by H. W. Whiting, Surveyor."

The Planning Board stated that a hearing had been held on this change of zoning and the Board recommended that this change of zoning be made.

At this point Mr. John S. Allen and Mr. John J. J. Fitzhenry were appointed Counters by the Moderator and sworn in by the Moderator.

The motion was again put before the meeting and it was *Voted*,

—Affirmative 116. Negative, none.

The Moderator ruled that the motion was carried.

Art. 5. On motion made and seconded, it was "*Voted*, that the Town accept the report of the Board of Survey relative to the acceptance of Coolidge Road, so-called."

Art. 6. On motion made and seconded, it was "*Voted*, that the Town transfer the sum of $307.28 which was received as interest on the gift of $50,000 by Mrs. Harriet Nevins while the building was in process of building, to the Blackburn Memorial Building Committee, to be used by them on said building."

Art. 7. On motion made and seconded, it was " *Voted*, that the Town transfer from the Water Revenue Surplus of previous years to the Water Revenue account of 1932 the sum of $5,700 to balance the amount appropriated by the Town at the Town Meeting held March 11, 1932 for Water Department expenses (which sum totaled $52,405.)"

Art. 8. Under this article Mr. Delaney of the Welfare Board reported that as that Board had in the past month received some very substantial gifts, they would only need a transfer of $400.

On motion made and seconded, it was " *Voted*, that the Town transfer $400 from the Old Age Assistance Account to the Public Welfare account."

Art. 9. (Transfer from Reserve Fund to Law Account). The Moderator ruled that no action could be taken at this meeting under this article.

Art. 10. (Transfer of unexpended balance to Highway Maintenance account) The Chairman of the Appropriation Committee reported that the Selectmen had another plan in mind in regard to these unexpended balances. Mr. Easton, Chairman of the Selectmen, stated that another special town meeting had been called by the Selectmen (for which the warrants were already posted) and an article had been inserted in the warrant relative to these unexpended balances. On motion made and seconded, it was " *Voted*, that this article be indefinitely postponed."

Art. 11. On motion made and seconded, it was " *Voted*, that this article be indefinitely postponed." (Transfer of unexpended balances to Parks and School Grounds."

Voted, that this meeting be dissolved.

To see if the Town will vote to transfer the unexpended balances, or any portion thereof, from the following accounts for an appropriation to be used for the purpose of filling in Memorial Park to provide work for the unemployed:—Allen Road Water Extension $218.50; Oak Street Water Extension $540.85; Lake Avenue Water Extension $710.01; Coney Street Water Extension $152.25; Fisher Street Repairs $192.61; Brook Street Repairs $8.37; Common Street Sidewalk $9.73; Retaining Wall on Common Street $181.18; West Street Repairs $14.82; Survey corner Chestnut and Union Street $67.70; and $1,000.00 from the Health Department;—Total $3,096.02, said money to be spent under the direction of the Town Engineer, or do or act anything in relation thereto. (Town Engineer.)

Art. 4. To see if the Town will vote to transfer the sum of $1500.00 from the Bureau of Old Age Assistance Account to a Special Fund for Snow Removal, same to be used to provide work for the unemployed during the year 1933, said money to be spent under the direction of the Town Engineer, or do or act anything in relation thereto. (Town Engineer.)

Art. 5. To see if the Town will vote to transfer $1500.00 from the Bureau of Old Age Assistance Account for the cutting and cleaning of brush at "Fales Woods" and Town Forest, said money to provide work for the relief of the unemployed, and to be spent under the direction of the Town Engineer, or do or act anything in relation thereto. (Town Engineer.)

Art. 6. To see if the Town will vote to transfer the unexpended balances, or any portion thereof, from the following accounts, for an appropriation to be used for the purpose of installing sewer laterals, to provide work for the relief of the unemployed—Allen Road Water Extension $218.50; Oak Street Water Extension $540.85; Lake Avenue Water Extension $710.01; Coney Street Water Extension $152.25; Fisher Street Repairs $192.61; Brook Street Repairs $8.37; Common Street Sidewalk $9.73; Retaining Wall on Common Street $181.18; West Street Repairs $14.82; Survey corner Chestnut and Union Streets $67.70; $1,000.00

Health Department and $3,000.00 from the Bureau of Old Age Assistance Account;—Total $6,096.02, said money to be spent under the direction of the Town Engineer, or do or act anything in relation thereto. (Selectmen.)

Art. 7. To see if the Town will vote to transfer from the Excess and Deficiency Account, Administration Account, Park Account, Highway Account, Tree Account or any of them or any part thereof from any of them, the sum of six hundred dollars or any portion thereof, to the Law Account, raise, appropriate or transfer money therefor or do or act anything in relation thereto. (Selectmen.)

And you are directed to serve this warrant by posting attested copies thereof in at least two public places in each Precinct in said Town not less than seven days before the day set for said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk before the day set for said meeting.

Given under our hands and seal of the Town this nineteenth day of December in the year one thousand nine hundred and thirty-two.

JOHN J. EASTON,
ALBERT T. OLSON,
JAMES DAGGETT,
THOMAS B. AHEARN,
JOHN DALTON.

Selectmen of Walpole.

Walpole, Mass., December 20, 1932.

Norfolk:

By virtue of the within warrant I have notified the inhabitants of the Town of Walpole, qualified to vote in elections and Town Affairs, to meet at the time and place and for the purposes mentioned in said warrant by posting attested copies thereof in at least two public places in each precinct in said Town not less than seven days before the day set for said meeting.

LEVI S. THOMPSON,

Constable of Walpole.

A true copy of warrant and Return thereon.

Attest:

KATHERINE J. HIGGINS,

Town Clerk of Walpole.

SPECIAL TOWN MEETING

December 28, 1932

Commonwealth of Massachusetts

Norfolk, ss:

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and Town affairs, was held in the Auditorium of the High School in said Walpole, on

WEDNESDAY, THE TWENTY-EIGHTH DAY OF DECEMBER, AT 8 O'CLOCK P. M.

The meeting was called to order at 8 P. M. by Henry W. Caldwell, Moderator. On motion made and seconded, it was *Voted*, to waive the reading of the warrant.

Art. 1. On motion made and seconded, it was *Voted*, that this article be indefinitely postponed.

Art. 2. On motion made by R. H. Hennessey and duly seconded, it was : *Voted*, that the Thomas H. Crowley Post No. 104 American Legion be granted the right to occupy quarters designed for them in the Blackburn Memorial Building.

Art. 3. A motion was presented "That this article be indefinitely postponed." Mr. Libby, the Town Engineer spoke in explanation of the need of this article being passed in order to give work to the unemployed.

Mr. Easton suggested that Article 3 be held in abeyance until complete discussion is made of Article 3, Article 4 and Article 6.

Art. 4. A motion was presented "That this article be indefinitely postponed."

Mr. Libby explained this article in detail and showed how it would provide work for the unemployed, whereas if sewer laterals were started, as outlined in article 6, about 45% of the money would be spent for equipment and the labor situation for the unemployed would not be benefited.

Mr. Allen, of the Appropriation Committee, stated that his Committee would transfer $3000 from the Reserve Fund as a "Health Emergency" to add to the fund for work on the sewer laterals. Mr. Libby stated that Mr. Waddell, Director of Accounts, told him to-day that such a transfer could not be made from the Reserve Fund.

No further discussion on this article so it was voted to take up article 5.

Art. 5. A motion was presented, "That this article be indefinitely postponed."

Mr. Libby stated that there were 21 acres in "Fales Woods" and it was intended to clear brush and make roads so as to eliminate fire hazards but primarily the work would be to secure wood for welfare causes.

Mr. Donnell, Chief of the Fire Dept., stated that there was a great fire hazard in these woods on account of the new State Highway and he considered it a good plan to eliminate these fire hazards if possible.

No further discussion on this article and it was voted to take up article 6.

Art. 6. A motion was presented, "That this article be passed as outlined in the article."

Mr. Allen stated that unless the Selectmen had a proper motion to present under article 2—namely, "to vote to build sewer laterals on Washington St., East Walpole and East & Main Streets and Glenwood Ave., in Walpole" the Committee would withdraw their motion.

Mr. Easton stated that if it was voted to indefinitely postpone Articles 3, 4 and 5, he would present a motion relative to building sewer laterals under article 2.

Mr. Delaney of the Welfare Board explained the situation of unemployment in connection with Welfare and pointed out that persons working for the Welfare do not come under the Workmen's Compensation. He favored work to be done under articles 3, 4, and 5 and that work of building sewer laterals be postponed until the weather was more favorable. He stated that only 15 men could be employed by the Town Engineer on sewer laterals. Mr. Whiting asked the Town Engineer how many men could be employed under articles 3, 4 and 5 and Mr. Libby stated that 70 men could be employed. Mr. Hennessey favored that work be done as outlined under articles 3, 4 and 5. It was then voted to take action under article 3.

Art. 3. On the motion before the meeting "That this article be indefinitely postponed," it was voted "NO".

On motion made and seconded, it was, *Voted*, that the Town transfer the unexpended balances from the following accounts for an appropriation to be used for the purpose of filling in Memorial Park to provide work for the unemployed,—Allen Road Water Extension $218.50; Oak Street Water Extension $540.85; Lake Avenue Water Extension $710.01; Coney Street Water Extension $152.25; Fisher Street Repairs $192.61; Brook Street Repairs $8.37; Common Street Sidewalk $9.73; Retaining Wall on

Common Street $181.18; West St. Repairs $14.82; Survey Corner Chestnut and Union Street $67.70 and $1,000 from the Health Department,—total $3,096.02, said money to be spent under the direction of the Town Engineer.

Art. 4. On the motion before the meeting "That this article be indefinitely postponed", it was voted "NO".

On motion made and seconded, it was *Voted*; that the Town transfer the sum of $1500.00 from the Bureau of Old Age Assistance Account to a Special fund for Snow Removal, same to be used to provide work for the unemployed during the year 1933, said money to be spent under the direction of the Town Engineer.

Art. 5. On the motion before the meeting "That this article be indefinitely postponed", it was *Voted* "NO".

On motion made and seconded, it was *Voted*, that the Town transfer $1500.00 from the Bureau of Old Age Assistance account for the cutting and cleaning of brush at "Fales Woods" and Town Forest, said money to provide work for the relief of the unemployed and to be spent under the direction of the Town Engineer.

Art. 6. The Moderator ruled that as the transfers referred to in Article 6 had already been voted under articles 3, 4 and 5, no action would be taken under this article.

Art. 7. The Moderator ruled that no action would be taken under this article as the transfer asked for in this article had been passed at a previous town meeting.

Voted, that this meeting be dissolved.

NOTICE

All dog licenses here listed expire March 31, 1933.

Dogs must be licensed on or before April 1st or the owners or keepers thereof are liable to a fine. The law applies to all dogs three months old or over, regardless of time of year that ownership is acquired.

NO TAX BILLS ARE SENT TO OWNERS OF DOGS.

General Laws, Chapter 140.

Section 137. The owner or keeper of a dog, which is three months old, or over, shall annually on or before March 31st, cause it to be registered, numbered, described and licensed for one year from the first day of April following.

The owner or keeper of a licensed dog shall cause it to wear around its neck a collar distinctly marked with the Owner's name and Registered Number.

Section 138. The owner or keeper of a dog may at any time have it licensed until the first day of April following, and a person who becomes the owner or keeper of a dog which becomes three months old after March 31st in any year, shall, when it is three months old, cause it to be registered, numbered, described and licensed and collared as required by the preceding section.

REPORT

OF THE

BOARD OF SELECTMEN

OF THE

TOWN OF WALPOLE

FOR THE

YEAR ENDING DECEMBER 31

1932

REPORT OF SELECTMEN

Walpole, Mass., December 31, 1932.

To the Citizens of Walpole:

The Selectmen respectfully submit the following for the annual report of 1932.

The Board was comprised of the following members: John J. Easton, Chairman; Albert T. Olson, Clerk; James H. Daggett, Thomas B. Ahearn and John Dalton.

The conclusion of activities for the year finds all projects under the supervision of the Selectmen completed except minor details. The successful completion of the Main Outfall Sewer construction under the available appropriation was the major accomplishment. Manufacturing plants on the line constructed have been connected for some time. In addition to this the Board has caused plans to be made for lateral sewer construction that are immediately available to progress this work as soon as the Town thinks it is advisable to appropriate funds for the purpose.

Unemployment has steadily increased and at the present time all facilities are being strained to cope with the situation.

The policy of the Board relative to appropriations and expenditures was clearly annunciated in a written statement at the last annual town meeting and we believe that subsequent events have proved that had it been adopted then a considerably lower tax rate would have been effected.

The detailed report of all departments under the jurisdiction of the Board will be found elsewhere in the report.

We wish to express our appreciation for the co-operation of the various departments during the year.

Respectfully submitted by the Board of Selectmen,

JOHN J. EASTON, *Chairman*
ALBERT T. OLSON, Clerk
JAMES H. DAGGETT
THOMAS B. AHEARN
JOHN DALTON.

REPORTS

OF THE

Public Works Dept., Health Officer and Water Department

OF THE

TOWN OF WALPOLE

FOR THE YEAR 1932

Report of the Town Engineer

Walpole, Mass., December 31, 1932.

To the Honorable Board of Selectmen,

Walpole, Massachusetts.

Gentlemen:

I herewith submit the report of the Town Engineer for the year ending December 31, 1932. Along the lines of rigid economy as recommended by the Board, I am making my report as short as possible to the end that the cost of printing the town report will be reduced.

Highway Department

This department has completed another year of very satisfactory work. The new highway construction included Brook Street from Fisher Street to the Walpole-Westwood line, Fisher Street from its intersection with North Street to near the residence of Paul Klingbeil, Station Street from West Street to Elm Street and West Street from the Taunton Division R. R. bridge to the Midland R. R. bridge near the Allen Construction Company's pit.

Improvements were made to Spring Street, Oak Street and Lake Avenue. The removal of part of the bank on West Street through the co-operation of Mr. James Sullivan has greatly eliminated the hazardous condition that existed there due to a very blind curve.

New highway guard has been added to the following streets, Brook Street 100 feet; Winter Street to Stop River bridge 160 feet; Winter Street at swamp 710 feet; Bird School 110 feet; West Street near Eric Hanson's house 400 feet; Lake Avenue 150 feet. Three hundred feet of board fence was added on East Street near Carr Village and one hundred twenty feet on East Street bordering Memorial Park.

The crushing plant has been maintained as usual and approximately 13,000 tons of material were used on our roads. This plant will operate in its present position next year.

The sidewalk program with the exception of the Elm Street fill was completed as follows, East Street from Short Street to Allen's Corner; Lake Avenue from Massachusetts Ave., to Common Street; Common Street from Lake Avenue to Massachusetts Avenue; Main Street from Front Street to the S. Gray Company and Spring Street from Main Street to Allen Street and Spring Street intersection. The sidewalk on Common Street necessitated a widening of the road bed and this was badly needed to properly handle the traffic in front of the schools. We were able to add a few curbs to our sidewalks this year, the work being done by Welfare workers at no additional cost except for cement and a little lumber.

I stated in my report last year that the construction of the retaining wall on Common Street would mean the securing of land but we were fortunate to complete the wall without encroaching on the abutter's property.

Our sidewalk repair program consisted of raising sunken slabs on Lewis Avenue, Pleasant Street, Main Street, East Street and Summer Street. We also repaired broken slabs and aprons on East and Main Streets.

The program of oiling streets was not quite finished and these streets that lost their seal coat will have to be attended to in the early spring. Many citizens think this oiling is not necessary but oiling is insurance and our roads represent a great expenditure of money so it is our duty to protect this asset.

The motive power of this department is in good condition with the exception of two Fords, one 1922 and the other 1923. It has cost a large amount of money to keep these two trucks in repair and it is false economy to consider them in the 1933 program. The snow removal equipment is in good repair and will be adequate for another year.

The abolition of White's Crossing is about 80% completed and it will be necessary for us to wait until spring in order to finish this project. A report of the work will be given by the Planning Board.

Tree Department and Insect Pest Extermination

Both these departments were operated jointly as usual. In the Moth Department the condition of infestation of the brown tail moth is not as serious as last year, the heavier egg laying deposit being in North Walpole near the Westwood line and I intend to concentrate a good deal of work on this section next year.

Considerable tree trimming was performed this year. Young maples were planted on Lake Avenue, Common Street and Main Street and in the early spring I hope to add some on Washington Street in the new grass plot between the sidewalk and the gutter.

Some work has been done in the Town Forest and the Game Preserve including a careful watch against fire and vandalism. We were able, through the kindness of Mr. P. R. Allen, to add many trees to our nursery on Washington Street this past year.

Repairs to Public Buildings

The repairs to our public buildings have required much of our attention again this year and we have completed our program very successfully. Public builldings are subject to very hard usage and systematic repairs prove their worth in saving money.

Our major problem was the High School roof and this was repaired by Sears Brothers of Norwood who placed a tar and gravel 4 ply Barrett Black Diamond 20 year bonded roof thereon. The waterproofing of the walls was performed by the Stanley Newman Company of Boston and the caulking of the sash beads was reserved for our local labor.

Health Department

As in previous years, Dr. William H. Maguire, administered to this department with excellent results. This is a very important department and the Town is indeed fortunate in having a man so efficient and conscientious as its Health Officer. His detailed report will be found elsewhere in this report.

Purchasing Department

This is one of the most important departments and, as I stated last year it demands much time and attention but the results obtained are worth all this labor. There is much to be said on this general subject in so far as it relates to the buyer and user on the one hand and to the seller and the manufacturer on the other, but where the tax paying public is introduced as a third interested party the matter becomes a problem of increased obligation, therefore, purchasing methods calls for one's attention to the extent that each of the three interested parties are involved. With these points in mind, I have adhered to the same policy as stated in my report of last year.

Water Department

Curtailment had to be made in this department due to a loss in revenue. This cut our output from the pumping station over 100,000,000 gallons less than last year. The department has been operated practically on a maintenance program with very little new construction. The equipment of the entire department is in very good condition and sufficient for next year. The water mains at South Walpole should be cleaned as tuberculation has decreased their carrying capacity and increased the pumping head. This can be removed by mechanical cleaning.

Considerable work was done on our wells this year. We drove seven new wells and cleaned forty. The pipes were badly corroded and the goose necks in most cases were either closed entirely or practically so. These wells are now in first class condition and I notice a more favorable condition in maintaining our vacuum while pumping. We have also increased the output anywhere from 25 to 40 gallons per minute per well. There still remains 60 more wells that will have to be cleaned and repaired which I am including in next year's program.

Unemployment

This is the most important department of which I am in charge. The existing unemployment is greater now than at any period of my administration and the paramount need of locating jobs for the relief of these men is very burdensome.

There are two ways of taking care of the unemployed, one, the way we have been doing and the other through the Welfare Board. I am not in accord with the latter as I do not favor leaving the entire burden of relief to public charity even though it would incur much less work for me.

Before resorting to relief through the Public Welfare, I believe I should exert every effort to provide jobs for workers. We are correct in our determination that no one shall go cold or suffer but the spiritual side of my problem demands that first of all I shall make an attempt to furnish work at which these men can retain their self respect. Charity though necessary at times is demoralizing to those who accept it. With this viewpoint, I feel duty bound to submit my budget for next year in such a manner to allow work for the unemployed. I feel we have done a very good job this year as I have been able to carry the unemployed on a payroll up to the present time.

I wish to thank the following citizens for the use of their trucks, Sam Lorusso, Allen Construction Co., Francis Percy and the Buck Express Company. In a special manner do I want to thank Frank Fisher for his kindness in allowing us to use one of his trucks on the unemployed projects from the first of April to December 19th without any cost to the town. A report of the unemployed will be found elsewhere in this report.

Sewer Department

The extension of the main outfall sewer from the intersection of Elm and East Street to Main Street was the major event in the department. We were not able to go as far as we anticipated with the amount available, due to encountering quicksand which caused us great difficulty and extra cost. Much work and time has been spent on the necessary steps to establish a system as required by law, make the plans and draw up reports in order to make the proper assessments. These have been held up waiting the final decision of the Massachusetts Supreme Court relative to a question that was vital to our proceedure. Applications for connections to the main outfall sewer by Hollingsworth & Vose Company, Bird & Son and the Kendall Mills were approved by the Board of Sewer Commissioners and these three factories are now enjoying the use of the same.

Parks and Playgrounds

This department has had a busy year and we have made good progress in developing Memorial Park. Unsightly wooded areas were cleaned out, abutter's land that was flooded has been filled in, flower beds and rock gardens added, edges of the pond evened and considerable area loamed and seeded. There were many walks laid out with bridges over the brooks and many favorable comments have been sent into the office. Considerable planting was done and many thanks are due the kind citizens who generously donated shrubs, flowers and bulbs. While this Park is far from completion, this year's work has shown great progress which I know is appreciated. The same attention was paid to the parks in the Centre and South Walpole and they presented a favorable appearance.

The grading of the Memorial Building grounds, although not completed, is an added attraction to the new building. The procuring of loam is a problem in itself but through the co-operation of many citizens we were able to overcome this hindrance.

The swimming pool was in operation this year under the same management and was very well patronized. A report of the supervisor of the swimming pool will be found further along in this report.

In the maintenance of the school grounds fill was made and a base ball diamond laid out in South Walpole at the Boyden School. Improvements were started on the Bird School grounds where shrubs donated by Mr. Jones, Superintendent of Schools, were planted. Considerable area was loamed and seeded and a new drive constructed.

In closing, I wish to thank the Board of Selectmen for their co-operation, Mrs. Willis, my secretary, for her loyal support in the office management, Mrs. Hart for her cheerful willingness to help and all the citizens who have helped to make my administration as successful as possible in these trying times.

A detailed report of the year follows.

Walpole, Mass., December 31, 1932.

To Mr. F. F. Libby, Town Engineer,

Dear Sir:

My report as Supervisor of Memorial Park swimming pool follows.

The pool was opened on July 1, and closed on Labor Day, September 5, with a swimming meet. Mrs. Chester Gove was again in attendance as Matron. Mrs. Gove's personal interest in the children is an invaluable asset at the pool.

The increased attendance of non-residents made it necessary to limit the use of the pool to residents of Walpole. An order by the selectmen barring non-residents was consequently posted.

The Red Cross Life Saving program was again carried on. Reports of rescues from drowning by several of the Junior and Senior members of the Life Saving Service from Walpole show the value of the Red Cross program.

Swimming meets were sponsored by the Walpole Mothers' Club, the Legion Auxiliary and the Walpole Retail Merchants Association which sponsored the closing meet. May I express my appreciation to these organizations for their interest and help. May

I also express my appreciation to all others who helped make this season one of the finest on record.

Approximately 1,300 different individuals attended during the season. More than 12,000 swims were enjoyed.

Respectfully yours,
STANLEY C. FISHER.

REPORT OF HEALTH OFFICER

Walpole, Mass., December 31, 1932.

Mr. F. F. Libby, Town Engineer,
Walpole, Mass.

Dear Sir:

In the matter of public health the year 1932 was uneventful with the possible exception of the month of December. During December a small epidemic of scarlet fever was experienced which is holding over into the new year. However, most of the cases have been mild and it has been necessary to hospitalize but three of them. This means a great money saving to the town as each case costs at least $96.00 to put in a contagious hospital.

The same efficient staff as in former years has served this department throughout the year. The co-operation between all health workers of the town is commendable. This also applies to the Board of Public Welfare who have materially helped some of our patients with donations of clothing.

Our Dental Clinic has done a vast amount of good during this trying year. With decreased incomes among the townspeople, the demand upon the clinic has increased. The clinic should be continued in the future.

No food product is so closely associated with public health as milk and the supervision of the production and handling of this great necessity of life has been carefully carried on by our Milk Inspector. The town is fortunate to have the services of Mr. Willis Hoyt of the Norfolk County Agricultural School in safeguarding such an important item of food.

I recommend that in 1933 some work be done upon lateral sewer construction, at least enough to care for Washington Street in East Walpole from the Norwood line to the vicinity of the Bird School; and in Walpole Centre to care for the area bounded by Main Street, East Street and Glenwood Avenue. These two areas need immediate attention.

The collection of garbage should be maintained for the coming year at the same compensation to the collectors.

I have enjoyed working under your supervision this past year and have appreciated your co-operation in our problems of public health.

Details of the vital statistics and items of expense are attached hereto.

Yours respectfully,
DR. WILLIAM H. MAGUIRE,
Health Officer.

REPORT OF DENTAL HYGIENIST

Walpole, Mass., December 31, 1932.

To Dr. William H. Maguire, Health Officer,
Walpole, Mass.

Dear Mr. Maguire:

Following is my report for the year 1932:

Monthly classroom talks on subjects relating to dental hygiene were given with material to the teacher for follow up work.

At the same time an inspection of the children's teeth was made as a check up on cleanliness and necessary dental work.

Two yearly dental examinations by the school dentist, in the classroom for all the children throughout the town.

The campaign for perfect teeth in the Spring was very successful. Eight classrooms were 100% perfect . . .about 425 children received awards for having their dental work completed, each of these children had a certificate from a dentist.

The clinical report again shows a decrease in extractions of permanent teeth, 22 as compared to 32 last year.

In the Fall, time was given to the school nurse for physical examinations and the administration of toxin anti toxin.

Number of cleanings for the year 912.

I wish to thank you, Dr. Burke, Mr. Jones, the teachers and parents for their loyal support and cooperation.

Respectfully submitted,
ALICE E. BOURASSA,
Dental Hygienist.

REPORT OF THE SCHOOL DENTIST

Walpole, Mass., December 31, 1932.

To Dr. William H. Maguire, Health Officer,
Walpole, Mass.
Dear Dr. Maguire:

Following is my report for the year 1932:

The dental examinations in the Junior High and High Schools were conducted along with the regular physical examinations.

In the elementary grades, the usual February and September examinations were made in each classroom.

In June five afternoons were devoted to pre-school work, sponsored by the District Nursing Association.

Follows the clinical report:

Extractions:	
Decidious	382
Permanent	22
Fillings:	
Decidious	1027
Permanent	370
Total Operations	1844
Total Number of Patients	882
Total Number of Patients Completed	408

May I express my appreciation for your kind support.

Respectfully submitted,
EDWARD J. BURKE, D. M. D.

REPORT OF MILK INSPECTOR

Dr. William H. Maguire, Health Officer,

Walpole, Mass.

Dear Dr. Maguire:

In 1932, the Health Department, Division of Milk Inspection, issued eighteen permits and fifty licenses to sell milk or cream, thirty two of these licenses were issued to stores and restaurants. Two licenses to operate a pasteurizer were issued.

The usual inspection of dairies, barns, animals and analysis of milk samples has been made. In all one hundred and sixty samples of milk were tested for butter fat and total solids, and approximately eighty tests were made for keeping quality and sediment, the majority of these being samples from dairies wholesaling to dealers who pasteurize the milk. As usual these tests proved Walpole milk, to be on the whole, very satisfactory. In all instances a report of the test was sent to the producer or distributor concerned.

It is with a great deal of satisfaction that I report all dairy cattle in the town tested for tuberculosis under the Federal Accredited Herd Plan. This is the cumulative result of a campaign to stamp out tuberculosis of cattle which can be transmitted to children through the milk. This department commenced this campaign in 1925. Walpole is one of the few towns that led in this constructive health movement throughout the State. Today many other towns are carrying out the same measure.

Our school children are very fortunate in that they have continued to be supplied with milk from the herd at the Norfolk County Agricultural School. This herd is known to be free of contagious abortion as well as tuberculosis.

I urge every one who can possibly do so to personally visit and inspect the source of milk purchased for home use. Nearby local milk, by reason of its fresh condition, is superior and worth a higher price.

Respectfully submitted,

WILLIS H. HOYT,

Inspector of Milk and Dairies.

Walpole, Mass., December 31, 1932.

Dr. William H. Maguire, Health Officer,
Walpole, Mass.

Dear Sir:

During the year 1932 the Health Department, Division of Milk and Dairy Inspection has issued eighteen permits and nineteen licenses to producers and dealers and thirty-two licenses to owners of stores and restaurants. In all instances where licenses were issued the fee of fifty cents was collected.

Two licenses to maintain an establishment for the pasteurization of milk were granted and the fee of ten dollars was collected in each case.

A check for forty-five dollars and fifty cents was turned into the town representing the total amount of fees collected.

REPORT OF THE INSPECTOR OF ANIMALS

Walpole, Mass., December 31, 1932.

To the Board of Selectmen:

Submit report for the year 1932—

At the annual Inspectors Meeting held at the State House, dogs were again the problem, allowing them to run without collar or license tag and the damage done. Few cases of rabies this year reported.

Owners of Federal tested cattle are requested to keep a record, so to identify any animal which may lose its ear-tag or which may react to future test. When purchasing cattle make sure that they will be approved for addition to your herd and forward to Division of Animal Industry a certificate or information regarding same.

Inspected 619 cattle, 32 bulls, 108 sheep, 19 goats.

Respectfully submitted
HARRY E. BOYDEN
Inspector of Animals.

REPORTS

OF THE

Board of Public Welfare, Police and Fire Departments, Inspection Department, Board of Assessors and Town Planning Board

OF THE

TOWN OF WALPOLE

FOR THE

YEAR ENDING DECEMBER 31

1932

REPORT OF THE BOARD OF PUBLIC WELFARE

Walpole, Mass., Dec. 31, 1932.

To Your Honor, the Board of Selectmen:

Gentlemen:

In compliance with the Town Charter, the Board of Public Welfare herewith submits the annual report for the year 1932, and as requested we are attempting to condense it as much as possible.

Entering into the fourth winter of the depression, the unemployment situation is still with us, and stands forth as a major economic and social problem of the immediate future.

In September for the first time gains in employment and payroll were recorded since the downward trend began in 1929. This, of course, is encouraging, but the relative gain and the average purchasing power is small.

The relief problem for the approaching winter period will be substantially greater than previously, owing to the impairment of private relief funds.

As reported by the United States Bureau of Labor statistics, in September 52% of our industries were operating on a part time basis. Employment in the last twelve months ending in September receded 17½%. Payrolls were reduced 32.8% for this period, and the total loss in payrolls since 1929 has been 62.3%.

During the past year we have had a more trying period than any time since our board was created in 1925. The demands for aid have increased, and of course, this has forced us to make very drastic economies. The extreme amount of litigation prevailing all through the year, which has proved very remunerative to the town, has forced your board to work to the very limit of their time and resources.

In no year has your Board recovered so much money in reimbursements and other equities for the town as in 1932, this sum amounting to about $12,000.00. Details of all such reimbursements may be obtained from the Town Accountant's report.

The alien question in the matter of employment is still causing us grave concern as aliens with settlements in our town must be cared for, but are not allowed to work on new town or state projects when veterans or citizens are jobless, according to law.

We have had splendid co-operation from the town officials. The Town Engineer has been most helpful in placing worthy applicants, securing fuel, delivering flour, moving furniture, and directing other odd jobs during the past year. Following our procedure started in 1930, all persons who were physically fit have been required to work out any aid given them under the direction of the Town Engineer's office. For efficient management, close co-operation should prevail between this Board and all departments employing help.

We have reduced the Department of Old Age Assistance expenses quite considerably for the year 1932, and it is our intention to further reduce these expenditures for 1933, if possible.

Your Board is not in accord with the Old Age law as it stands at present on the statute books. Neither do we believe that it is fair to the tax-payers who must furnish the money to conduct this department. It is our intention to voice our objections to the coming legislature as many other boards throughout the Commonwealth will do. We are now aiding 21 persons in this bureau, and we have one additional application pending which has not as yet been acted upon.

We have aided throughout the year 109 adults, 176 children, 7 families in other towns, 6 state cases; we also have one adult at the State Infirmary in Tewksbury, two at the Cancer Hospital in Pondville, two at the Massachusetts State Hospital School, three under the supervision of the Division of Child Guardianship, and three cases under the Mothers' Aid Law.

It is very difficult to make any detailed estimate of our needs for any great period of time in advance, although we have done remarkably well for the years 1931-32 as our estimates have been very close.

However, we have asked for approximately $34,000.00 for 1933 for both departments, and feel that with the proper co-operation between all departments employing labor, we will have no difficulty in going through upon this basis unless the economic situation becomes decidedly worse.

We wish to extend our sincere appreciation to the Fire Department, Salvation Army, church societies, the Local Red Cross and the many individuals who have extended their co-operation and material support. Working as we have for the past two years, it certainly is encouraging to have the help and co-operation of organizations and individuals of the type who have come to our assistance this year.

We must particularly mention the Red Cross. They have supplied us with 90 barrels of flour, 6,250 yards of clothing material, together with finished garments. This, in itself, has saved the taxpayers of Walpole quite a considerable sum. The Salvation Army has given us approximately $100.00 to supply shoes for the children of our needy families when school opened. We also certainly appreciate the 5% donation received from the salaries of the town employees for the year 1932, and the large quantity of groceries given to us by the First National Stores.

Respectfully submitted,

Board of Public Welfare in the Town of Walpole.

T. E. DELANEY,
NILLA BOCK,
HAROLD E. TOWNE,

Dec. 21, 1932

To the Honorable Board of Selectmen:
Town of Walpole.

Dear Sirs:

The following is the report of the unemployment Committee, having expended all our Funds, we could be of no more service, "other than of an advisary nature," so our Committee has voted to make the final report and to ask your Honorable Board to accept the same and to discharge the committee.

Respectfully submitted,

RICHARD H. HENNESSEY,

Charge of the Unemployment Com.

REPORT OF THE UNEMPLOYMENT COMMITTEE

The Unemployment Committee for the Town of Walpole appointed by The Honorable Board of Selectmen at the request of the Governor of Massachusetts is comprised as follows: T. H. Bateson, T. E. Delaney, J. J. Easton, J. J. Fitzhenry, R. H. Hennessey, R. R. Higgins, Mildred Howard, Ella B. Knobel, F. F. Libby, Rev. T. J. Fahey, P. H. Mahoney, A. T. Olson, B. D. Rogers, Rev. C. L. Schroeder, H. A. Whiting.

Your committee met on December 3, 1931 and organized with R. H. Hennessey chairman, E. B. Knobel, Secretary and P. H. Mahoney, Treasurer. At this meeting the members were placed on sub-committees as;

Employment Committee—F. F. Libby, chairman, T. H. Bateson, R. R. Higgins, B. D. Rogers, E. B. Knobel.

Publicity Committee—Rev. Fr. Fahey, Chairman, Rev. C. L. Schroeder, J. J. Fitzhenry, E. B. Knobel.

Survey Committee—J. J. Easton, Chairman, F. F. Libby, H. A. Whiting, A. T. Olson.

Entertainment Committee—P. H. Mahoney, T. E. Delaney, Mildred Howard.

Rev. Fr. Meheran was appointed to fill the vacancy caused by the resignation of Fr. Fahey.

We have held fifteen meetings of this committee and a great many sub-committee meetings

It was voted that this Committee be a non paid committee and all funds collected unless otherwise specified must be used for payment of labor to the unemployed of Walpole. The exceptions being a donation to provide shrubs trees, and supplies in connection with the construction of seats and benches for the Park.

At the outset it was apparent that our work, on account of State Laws, restricting the employment of aliens on new projects in Town work, would necessarily mean that we should provide for those who thru no fault of their own, could not be put to work by the town, yet who lived here, owned or partially owned their homes and were raising their families to be future American citizens, similar families out of which Uncle Sam, fourteen years ago recruited the flower of American manhood to march under arms in defence of our country. These people must be provided for, they must either be given a chance to work and receive pay or be fed by the Welfare Board, therefor this Committee felt duty bound to conduct its work along sane and economical lines in behalf of the Town of Walpole, thus it was only natural that this Committee should provide work for the aliens.

An index system of tabulating all applicants was installed, containing the history of each and every applicant and each case was determined after a further check up by the Committee on unemployment.

The most deserving cases were provided with work first and others were assigned special work sent in by townspeople desiring work done around their homes.

In order to carry out this work a drive for funds was started in March which netted about $3750.00 up to May 25th, 1931 and an additional amount of special work about private homes of $1028.00 or thereabouts.

This was not sufficient to provide for the demands of the unemployed which was constantly increasing, so an additional effort was made by this committee enlisting the aid of a number of the women of the town under the direction of Mrs. Howard and Miss Knobel to procure the desired $10,000. The second drive started in June and resulted in bringing the total collections and contributions to approximately $6218.00.

Many families were supplied with clothes and food thru the Thrift Shop conducted in the Town Hall and by the assistance of the Mothers' Club, Lend a Hand Club and other charitable organizations in town.

With the funds received employment has been provided for 100 families who would have been without an income. Practically all work done has been on town projects, most important are Blackburn Memorial Building grading, grading around Memorial Park pond, construction at South Walpole Swimming Pool, grading on Sewer line Right of Way and Cemetery.

In addition to the Park development the other projects completed were the elimination of a bad corner at Kendall and Main streets, another at North street and a third on West street between the second and third bridges, the widening of Washington Street from Beech to the top of the hill towards Common Street, the sub-grading around the standpipes, the elimination of mud holes on Maple Street and the cutting of a road into the town Forest.

Mr. Libby's sense of value in Park properties, his careful planning of the various projects at the proper time, enabling us to dovetail our work for the material made possible the very economical construction of Memorial Park this season. Nothing was wasted or handled twice and material was gathered from the four corners of the town. We were indeed fortunate in having a Town Engineer who so untiringly gave of his time to plan this work.

We are indebted to the various departments of the Town, the officials, the Foremen and all who have assisted in such a fine spirit.

The committee desires to express its appreciation to Frank A. Fisher, P. R. Allen, Wrentham Nurseries, Walpole Retail Merchants Association, M. W. Allen Construction Co. and N. A. Lipschitz for materials, and trucks contributed, to all who contributed flowers, shrubs, clothing, food, money, employment and signs in order to enable us to carry on our work and provide for the unemployed.

The Chairman wishes to express his gratitude for the splendid co-operation of the members of the committee whose untiring efforts made possible the success of our work.

We feel special mention must be made Mr. Fisher's contribution of the use of his truck for a period of nine months, entailing considerable expense to him.

Respectfully submitted,
RICHARD H. HENNESSEY,
Chairman.

The committee so voted to donate the balance of our Fund of Two dollars and Ninety-Seven cents to the Mothers' Club to be spent in connection with their charity work amongst the needy this Christmas and a check was so drawn which I have turned over to the Mothers' Club.

RICHARD H. HENNESSEY

REPORT OF CHIEF OF FIRE DEPARTMENT

Walpole, Mass., December 31, 1932.

Board of Selectmen,

Town of Walpole, Massachusetts:

Gentlemen:—

I respectfully submit to you the Annual Report of the Fire Department for the year ending December 31, 1932.

The Fire Department has responded to:

58 Box Alarms.
11 Still Alarms.

Summary of Alarms for Year:

Building Fires	30
Chimney Fires	21
Automobile Fires	8
Dump Fires	3
Emergency Calls	2
False Alarms	5

We have laid 14,606 feet of hose, raised 1,412 feet of ladder.

I have issued:

35 permits for storage of gas and oil.
6 permits for use of dynamite.
6 permits for fire works.

I recommend that the town purchase a small Ford Fire truck or equal, to replace the old Model T Ford at South Walpole. The Insurance Exchange in their review of the fire protection facilities of the town request the response of at least two engines or hose wagons and suitable ladder, to a district of the character of South Walpole. If something isn't done, it will be necessary to cover from the Center Fire House which isn't giving the people of South Walpole an even break.

Respectfully submitted,

CHESTER L. DONNELL,
Chief of Fire Department

REPORT OF THE FOREST FIRE DEPARTMENT

Walpole, Mass., December 31, 1932.

Board of Selectmen,

Town of Walpole, Massachusetts:

Gentlemen:—

We have had 70 grass, forest, and railroad fires this year and 3 out-of-town calls.

This year the town was again very fortunate as we had no large forest fires. We were called 3 times to our neighboring towns which were confronted with very large fires. I do hope the town sees fit to change the forest fire truck at South Walpole as it will be equipped for both forest and house fires.

REPORT OF THE FIRE ALARM DEPARTMENT

The past year encountered a few interruptions owing to lightning, grounds and Edison wires coming in contact with our lines, but at no time has any serious damage been done and the trouble was soon remedied.

The New England Insurance Exchange inspectors, as you know, made a review of the fire protection facilities of the town and requested that we use a more up-to-date lightning arrester, and that Box 672 at the old American Glue Co. Sand Paper Mill be replaced or removed from the fire alarm line as it was of the wrong type to work properly with the new type boxes that we are using. The box was removed as the owners felt that they could not replace it at present.

I would recommend that $1025.00 be appropriated in 1933 for this department.

Respectfully submitted,

CHESTER L. DONNELL,

Fire Alarm Department.

REPORT OF INSPECTOR OF BUILDINGS

REPORT OF THE TOWN PLANNING BOARD

The personnel of the Planning Board for 1932 was Frank A. Fisher, John J. Fitzhenry, Willis D. McLean, Albert T. Olson, and William J. Sheehan.

The Board organized with William J. Sheehan, Chairman and John J. Fitzhenry, Secretary, Miss Ella B. Knobel was hired as clerk for the year at a salary of one hundred dollars. ($100.00).

On recommendation of the Board the following property was changed from residential to mercantile:

Property of Anthony Marine on County Road.
Property of William Karol on North Main Street.

Hearings were held concerning other zone changes on which an adverse report was submitted and no change made.

At the time of the adoption of the zoning law, a piece of land in size eight hundred feet by four hundred feet (800′ x 400′) on what was formerly known as the Scherer farm, on the south side of Mylod Street, was zoned for manufacturing purposes. Since the adoption of the law, a barn on the north side of Mylod street was changed from residential to manufacturing zone. The Board now recommends that these properties be changed from manufacturing to residential zone. Hearings on these changes have been held and articles calling for the changes have been inserted in the Annual Town Meeting Warrant for 1933.

Several petitions for zone changes along the route of the new super highway are now pending, but nothing definite concerning locations can be reported at this time for the reason that the Board is now working on a plan of the road, on which filling station locations will be spotted at convenient intervals.

On the recommendation of the Board, acting as a special Committee for the elimination of White's Crossing (so called) in West Walpole, an appropriation of Fifteen hundred dollars ($1500.00) was made at the Annual Town Meeting, to be used when and if the New Haven Railroad, the State, the County and the town of Norfolk contributed amounts sufficient to total the estimated cost which was between nine and ten thousand dollars.

Representatives of the Board discussed the project at a meeting of citizens in Norfolk and favorable action was taken by that town. The matter was then taken up with the County Commissioners, the State Highway Commissioners and the New Haven Railroad. Hearings were called and several conferences were held, the final result of which was that the necessary funds were provided and an agreement made between the five parties interested in the grade crossing elimination.

The work was undertaken by the engineers of the two towns, Mr. Libby on the Walpole end and Mr. Callahan on the Norfolk end, and is now about eighty per cent completed. Only the surfacing remains and this will be done in the early spring. The work proved to be a great aid to the relief of unemployment during the late fall and early winter.

The following sidewalk program is recommended for 1933:

Curbing around second Common	1000 feet
Sidewalk on Riverside Place	1000 feet
Sidewalk on Prospect Street	510 feet
Sidewalk on Grover Street	510 feet
Sidewalk on Elm Street	2000 feet
Sidewalk on Washington street	1700 feet
Sidewalk on Woodland Street	1100 feet
Sidewalk on Charles Street	400 feet
Sidewalk on Common Street	1000 feet
Sidewalk on School Street	1100 feet
Sidewalk on Stone St	240 feet
Sidewalk on Main Street	1150 feet

Respectfully submitted,

WILLIAM J. SHEEHAN,

Chairman,

JOHN J. FITZHENRY,

Secretary,

FRANK A. FISHER,
WILLIS D. McLEAN,
ALBERT T. OLSON.

2. Water-proof portion of north wall.

Fisher School:
1. Remake lawn.
2. Doors on furnace.

High School:

1. Relocate water-feeders in boilers.
2. Finish gymnasium floor.
3. Paint gymnasium.
4. Ceiling for shops.
5. Ceiling for part of gymnasium.
6. Finish corridor floors.
7. Water-proof north wall.

Plimpton School:

1. Re-cover sidewalk.
2. Paint classrooms.
3. Chain-falls.

Stone School:

1. Emergency door in boys' basement.

The Budget

The economic depression which has been and is keenly felt in Walpole, as in other towns and cities, necessitated a reduction in the school budget for 1933. The school committee studied this problem from all its various angles over a period of several months with its objective the serving of the interests of the schools and the taxpayers. As a result of careful thought and consideration the committee voted to eliminate kindergartens and to reduce all salaries in the department ten percent.

This vote becomes effective as of the date of January 1, 1933. The action taken least effects the pupils and is a distinct saving to the tax-payer.

Health

Dr. Thomas M. Connell, Dr. Frederick H. Fuller and Dr. Edward R. DeRoma, with the assistance of our school nurse, Miss Anna F. Sabatis, have carried on their work in their usual efficient manner.

REPORT OF THE CHARLES FALES FUND SCHOLARSHIP COMMITTEE

To the Citizens of Walpole:

The Charles Fales Fund Scholarship Committee presents herein its annual report.

The following officers were elected at the December meeting.
B. D. Rogers, *Chairman* R. H. Kannally, *Secretary*

The awarding of the scholarships is based on the following excerpt from the will of Lewis F. Fales:

"In memory of my father, one hundred thousand dollars, to be known as the "Charles Fales Fund", to the Town of Walpole, Massachusetts, provided, unless a Board of Commissioners of Trust Funds is then existing in said Town, said Town shall have created a Board of Commissioners of Trust Funds in accordance with the laws of the Commonwealth of Massachusetts within two years from the time said Town is notified by my said Trustee so to do. The income from said Fund to be used for scholarships to be paid as hereinafter provided to students male or female, of the schools of the Town who become students at any university, college or institute. Such scholarships are to be as nearly as practical each for the sum of five hundred dollars annually, and to be paid to each undergraduate or post graduate in a university, college, or institute to whom it may be awarded by a committee to be known as the "Charles Fales Fund Scholarship Committee," which committee shall consist of the Superintendent of the Schools of Walpole for the time being, the Principal of the High School of Walpole for the time being, and if there be at any time more than one High School in Walpole the Principals of each High School for the time being, and the members for the time being of the School Committee or other body having charge of the Schools of Walpole. The awards of scholarship shall be for one year and shall be made during the month of December of each and every year. Said Scholarship Committee shall keep a record of its doings and make a report to the Town at the end of each year. It shall so far as practical keep in touch with the progress and standing of each student to whom an award of a scholarship has been made. It is not my desire to hamper in any way the Committee in making their award, but there are three factors which I desire they should take into consideration,—character, scholarship, and physical and mental vigour. I also desire that students wishing to extend their education along technical lines shall, other things being equal, be given preference."

The Committee, after a careful investigation of the candidates, awarded scholarships to the following:

Charles Burton Arthur, now attending Dartmouth College.
Barbara Bunker, now attending Wheaton College.
George Giles, now attending the University of Illinois.
Adeline Morrissey, now attending Simmons College.
Ruth Price, now attending Wheaton College.
Abie Richardi, now attending the University of Illinois.
Francene Smith, now attending Massachusetts State College.
James E. Smith, Jr., now attending Boston University School of Business Administration.
Kathryn A. Whitcomb, now attending Wheaton College.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Walpole, Massachusetts:

I take pleasure in submitting to you this annual report on the condition of the Walpole Schools.

Condition of our Schools

We are passing through a period of readjustment. School authorities everywhere are faced with the necessity of re-valuing the educational offerings and the opportunities which they have been furnishing. This report, summarizing the condition of our educational system, should prove interesting and perhaps illuminating.

The School Plant

With the exception of the Stone School, all our school buildings are of brick and concrete construction. All six were approved by the Walpole Fire Chief and by the Fire Insurance Underwriters' inspector in August, 1932.

Janitor service is being maintained at a high standard.

The seating capacity of the five elementary schools continues to be sufficient to care for the growing school population There is still room for growth at the Bird, Boyden and Fisher Schools; the Plimpton and Stone Schools are full but not over-crowded. The High School is full to capacity and its enrollment is increasing by approximately forty pupils each year. Some means will have to be found in September 1933 for caring for the expected increase.

Course of Study

The course of study in the elementary schools is based on the courses prepared for the different subjects by the State Department of Education and is practically identical with that used in all the towns and cities of the Commonwealth. Textbooks have been chosen with great care so that the course of study may be adhered to accurately and economically.

The High School offers these four-year courses:—College Preparatory, Commercial, Household Arts, Practical Arts and General. A diploma is awarded to a pupil who satisfactorily completes the work of any one of these courses. The subject matter and textbooks compare very favorably with those used in other towns and cities.

Organization

Our Elementary School, Junior and Senior High Schools are organized on the 6-2-4 plan; six years for the Elementary School, two years for the Junior High School and four years for the Senior High School. This is in contrast with the 6-3-3 plan which has been widely adopted but which has proved costly in many communities.

The Elementary School consists of the first six grades. The academic work of these grades involves the fundamentals of reading, spelling, arithmetic, writing, geography, history, grammar and language, hygiene and civics. In this respect, we are meeting all the requirements of the State Law. Handwork is offered through the introduction of sewing and manual training in the fifth and sixth grades respectively. Attention is given to thrift, fine arts, safety and good citizenship. Our health work is most commendable; with the Schick Test and the Chadwick Clinic, disease prevention and tuberculosis control have become a part of our work. The facilities of the Judge Baker Foundation in Boston and of the Child Guidance Clinic in Norwood are at our disposal and have been freely used in connection with problem cases. In a town where ten or more children are found to be two, three or four years mentally retarded, the School Committee is required by Law to establish a Special Class. We have such a class.

Our Junior High Schools comprise the seventh and eighth grades at the Bird and Plimpton Schools. The Plimpton Junior High School is housed in the Senior High School building. Experience has shown that pupils of this age are best dealt with when grouped with their physical, mental and social equals. We do not hesitate to readjust programs for individual pupils when by so doing the pupil will be enabled to continue in school with the opportunity to achieve some measure of success.

Pupils who graduate from the High School with certificate rank enter colleges and normal schools with the same standing as graduates of preparatory schools. Our certificate is accepted by the New England College Certificate Board. We have an "A" rating with the State Department of Education for the certificating of pupils to the State Teachers Colleges.

Non-Compulsory Activities

The State Law requires that we teach drawing, indoor and outdoor games, and writing. It permits the teaching of music, kindergartens, manual training, domestic arts, gymnastics and military drill, and such other subjects as the school committee may consider expedient. The Law does not require that these subjects be taught by special teachers or supervisors. It is obvious, however, that for these subjects to be worthwhile, they should be taught, supervised or directed by teachers who are specialists. Walpole has always recognized this point of view. This is evidenced by the school records:—

Drawing.

A supervisor of drawing was employed as early as December 1889.

Music.

A "singing teacher" had charge of music in the schools in 1875. A part-time supervisor was appointed in May 1902.

Household Arts.

A special teacher for the instruction of girls in sewing was here in 1904.

Manual Training.

This work with a special teacher was added in 1910.

Kindergartens.

The first kindergarten to be supported out of public funds was started in 1911. (Kindergartens discontinued after January 1, 1933).

Physical Training for Girls.

Girls were taught physical exercises as early as 1911, and a supervisor or special teacher was appointed in February 1919.

Dietitian.

An expert in foods and nutrition was employed in 1919 and 1920.

Penmanship.

Handwriting has been taught as a separate subject since colonial days; Walpole had a part-time supervisor from 1920 to 1924.

Physical Training for Boys.

A supervisor was appointed in 1928 to take charge of this work with boys of Grades 7 to 12. (Position abolished after January 1,1933.)

In brief, this is the picture of our school system as it is and has been. Any attempt to further limit or curtail the educational opportunities which we are now offering would be most harmful. The voters of Walpole have made it plain in the past that they want their school children to be the last to feel the pinch of retrenchment.

The three "Rs" are not in danger. The school program has been broadened to include subjects of practical use to the lives most of us live. The three "Rs" did not contemplate the teaching of thrift, safety and personal cleanliness.

The cost of high school instruction is 60% higher than that of the elementary schools; the days of the three "Rs" could not foresee that 25% of our whole school population would be enrolled in high school in 1932.

Those who pay for schools and those who manage schools desire ardently that every child shall be fitted to become a useful, happy member of what has come to be a very complex society. There is a fairly general agreement that men and women are to have much more leisure time in the future than they have had in the past. They will need to have developed the capacity of finding joy in pursuing intellectual, artistic or mechanical interests. The work which we are doing in health, the fine arts and the practical arts is designed to afford that necessary training.

Research and Investigation

During the past year, problems investigated have been chiefly those arising out of the present economic situation as it affects education.

Through questionnaires and summaries furnished by the State Department of Education, we have kept ourselves informed regarding the trend of school economies. Special attention appears to have been given to salaries, transportation, textbooks and supplies, consolidation and enlargement of classes.

I wish to call attention to two experiments in education which have aroused State-wide interest. In Brookline, regularly organized classes in high school are being instructed in a Course in Personal Economics. The purpose of the course is to provide training in the proper management of individual or family economic affairs. In Framingham, the School Department is experimenting with a course for high school pupils in which the instructors are the town's business men. These experiments are practical in nature and should be followed carefully.

School Costs

The enrollment for 1932 was greater than in 1931, but we operated our schools for more than $2,000. less than in 1931. We did this by the most careful cutting which avoided vital spots. All educational offerings were maintained throughout 1932 at the 1931 level.

We are conscious that the reduction in school costs for 1933 must be greater and the difficulty will be to avoid vital spots. If we economize at the expense of the children now in school, the loss to this generation of children can not later be made up.

Economies Planned for 1933

The School Department has been asked to co-operate with the other Departments of the town in the making of economies to the end that the burden of taxation may be lightened. In expressing its willingness to co-operate, the School Department has not been unmindful of its duties and obligations to the children.

1. Books, supplies, equipment, miscellaneous.

   We are planning to avoid expenditures for equipment except where necessary for essential replacements. Books will have to last longer. Supplies must be provided; great care is being exercised in their purchase; bids are secured and orders are placed where prices are low without sacrifice of quality.

2. Physical Training Position Abolished.

   Physical work for boys of Junior and Senior High Schools will be handled by regular teachers.

3. Kindergartens.

   The three kindergartens have been a fine part of our school system. Under wise teacher-leadership, the children have learned the elements of courtesy, fair play, sportsmanship, good school citizenship, in addition to learning much in the way of songs and games. We have given long and careful study to kindergartens and their desirability. We have decided to eliminate them because we believe that their elimination will have the least harmful effect on the children in their progress through school.

4. Salary Reductions.

   Salaries make up by far the larger portion of the School Department budget. In 1932, 81% of the appropriation for schools was spent in salaries. It was obvious that no sizeable reduction in the budget could be made without cutting salaries. The 10% reduction in the salaries and wages of all employees of the School Department dates from January 1, 1933.

Transportation

The State Law requires that a town furnish transportation for a part or whole of the distance to any pupil who lives over two miles from the school which he is entitled to attend.

The whole question of transportation has been studied very thoroughly. By discontinuing all transportation of pupils living less than two miles from the school which they are entitled to attend, the School Department could have affected a saving of approximately $4,500. in 1933. Most of the routes are over and across the most dangerous thoroughfares of the town. I believe the safety of the children is of first importance. Their transportation is however one of our chief worries. The carrying of 536 pupils twice daily can not help but be a source of worry.

A new State Law providing for bi-monthly inspection of brakes and other bus equipment went into effect in September, 1932. The mandatory provisions of this law are designed to reduce the hazards of school transportation to a minimum.

During the past few months, we have been far from satisfied with the service rendered by the Pierce Bus Lines. Service has been marred by frequent breakdowns, irregular starting times and late arrivals at schools. We are fortunate however in having a transportation company which can handle practically all of our needs. Our worries would be multiplied if the transportation routes were to be let out to individual bidders.

Teachers and Instruction

In 1932, five teachers resigned, four to be married and one to teach in Vermont. In addition to replacing them, one new teacher was employed at the High School because of increased enrollment.

Class room instruction is uniformly good. Teachers in all schools are to be commended unstintingly for the excellence of their teaching and for their unvarying adherence to the high ideals demanded of teachers.

George Washington Bi-Centennial

The various ways in which the schools participated in the celebration of the 200th Anniversary of the birth of George Washington are recorded in the special report on the Bi-Centennial which appears on another page in the Town Report.

I wish to call attention to the Town Planning Game which was made a part of the Bi-Centennial in this State. The Game was a tribute to Washington's known abilities as a city planner. About forty-five of our high school pupils prepared plans and drawings in which were incorporated their ideas of what may be done to make Walpole a better place in which to live. An exhibit of those drawings was held in the High School Gymnasium on December 2, 1932. This exhibit was unique in two respects:—it was the first of its kind to be held in this country; it commemorated the beginning of something for the future while all other celebrations were in commemoration of events of the past.

Town Planning in its broader sense may well make for itself a place in our course of study in Community Civics. A practical working knowledge of the development of the home town should be and is an important factor in the education of every child.

I appreciate the courtesy and support which you individually and as a Committee have extended to me at all times.

Respectfully submitted,
ARTHUR C. JONES,
Superintendent of Schools.

REPORT OF PRINCIPAL OF THE HIGH SCHOOL

Mr. Arthur C. Jones, Superintendent of Schools,
Walpole, Massachusetts.

Dear Sir:

I herewith submit to you my sixth annual report as Principal of the Walpole High School.

The calendar year of 1932 was one in which the present depression was brought home to practically all by less work, decreased earnings, and accordingly less money to spend. These conditions have been reflected in our school by a larger enrollment than ever before, by the return to school of ten former graduates, by greater efficiency in class room teaching, and by a better school morale. Since there is little work for the adult, pecuniary employment is hardly to be expected for inexperienced youth so the pupils remain in our schools. This larger school with its resulting increase in graduates, only a few of whom will go to college, justifies a continuance of the work now offered in the High School. The four curricula, College, Commercial, Manual Arts, and Household Arts, offer subjects which long ago proved their educational value. In this machine age which guarantees more leisure time, there is even greater need in the pursuance of such studies as art, music, their appreciation, and participation in and enjoyment of physical education.

The registration on the opening day in September more than met the prediction of an enrollment of 500. The figures for several years back show how consistent this growth has been.

1924	1925	1926	1927	1928	1929	1930	1931	1932
296	318	325	341	385	392	436	472	515

From the size of the eighth grades in Walpole and Norfolk it is quite apparent that unless something unforeseen arises the next year will show even larger figures. Our former study halls and physics laboratory are now used as class rooms, the typing room and the library are home room stations, and extra chairs have been placed in several class rooms. Additional growth will cause us to take the cafeteria as a study hall unless Room 106 is returned from the Junior High School.

The enrollment on Dec. 23 was as follows: Freshmen 152, Sophomores 141, Juniors 116, Seniors 94, Post Graduates 8, Total 511. The total registration as shown by the registers is 532. Of the 21 who have left school, eight transferred to other schools, eight secured employment, three were sick, and the remaining two help at home.

Attendance continues to be good. The average for the last five years is as follows:

1927-28	1928-29	1929-30	1930-31	1931-32
95.26	95.52	96.25	96.13	96.23

The tardiness record is not as good as it should be. The blame for most of it can be laid to the home which does not conscientiously see that the pupil leaves with sufficient time to reach the building. This is particularly noticeable on days when the weather and walking are bad. Dismissals which are reported on the attendance sheet are always excused by a note from the parents. In case a pupil is sick and wishes to be dismissed a slip for that dismissal is sent home for parents signature to be returned by the pupil. The total tardiness and dismissals for the last five years are given below. The total registration appears first, tardiness next and dismissals last.

	1927-28	1928-29	1929-30	1930-31	1931-32
Registration	381	404	422	454	492
Tardiness	356	400	454	479	526
Dismissals	173	261	144	231	203

The athletic program is the same as previously reported except that second teams in football and baseball had to be discontinued. With the athletic revenue reduced more than fifty percent we were unable to finance these second teams. The cancellation of their schedules temporarily was done with considerable reluctance but there was no other course. We were fortunate in having a good stock of equipment to carry through for the school year. The athletic teams have in most cases given good accounts of themselves with last year's baseball team playing twenty-seven inning tie game against Dedham. In six sports 87 letters were awarded to 68 different pupils. Bird & Sons very kindly permitted us to play our home games on their field where we are able to collect from most of the spectators. Since we do not have any large revenue game on our schedule we are always hard pressed to continue our athletics as we believe they should be. Good equipment is an excellent guarantee against accidents but it costs money. All pupils who take part in athletics do so with their parents' permission and the release from financial obligation in case of accident. The first call at the doctor's is all that we are able to pay and we do not have to do that.

The Walpole Mothers' Club has continued its generous practice of supplying four speakers for school assemblies. For five years the club has raised sufficient funds to present at graduation medals for outstanding character and in addition has paid for these excellent addresses. The development of character is becoming more and more a topic for educational discussion. Last year the Massachusetts Department of Education printed a committee's report on Character Education in the Secondary Schools. Dr. Payson Smith starts his foreword to that report with the following: "Among the objectives of education no other is so important as that of the establishment of good character. The development of correct standards of personal conduct including, of course, the right relationship of the individual to the social group of which he is a part should have a commanding place in any program of education." In addition to the outstanding work done by the Mothers' Club we are using case conference work on character in our freshmen civics classes. The cases are typical school problems with which the average school is confronted and which involve the actions of its pupils. This year we are posting character bulletins from the Babson Institute. I feel very sure that the results we are obtaining from all these methods are exceptionally good.

Our social activities are as usual carefully supervised by members of the faculty. All dances are chaperoned by parents or teachers. The expenses for parties are kept low so that all pupils will be able to attend. We believe that school days should be recalled in later life as a time of learning and living in a pleasant atmosphere.

In closing may I commend the faculty who have worked so well and whole heartedly. Through their teaching the school is rated Class A by the State and is entitled to certificate pupils to any college which accepts pupils on the certificate plan. I thank you for the very cordial relations we have had during the past year.

Respectfully yours,

EARLE H. MACLEOD,

Principal.

REPORT OF THE SUPERVISOR OF ART

Mr. Arthur C. Jones, Superintendent of Schools,
Walpole, Massachusetts

Dear Mr. Jones:

I submit my report as Art Supervisor and Teacher.

The fact that everything is interesting has suggested various kinds of endeavor intended to cultivate the innate tendency to admire beauty.

The prosperity of an industrial state in this machine age, is dependent upon the demands of consumers educated to select only attractive, beautiful merchandise that affords visual satisfaction. A prominent educator has declared that, "Art is basic in production and consumption."

The cooperation of everyone can be relied on concerning the economical use of material. Graphic expression does not necessarily require expensive supplies in order to attain one of the major objectives of art education, namely, to make possible the gradual development of appreciation of the refinements of life expressed in industrial and fine art.

Respectfully submitted,

HELENA M SAUNDERS,

Supervisor of Art.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. Arthur C. Jones, Superintendent of Schools,
Walpole, Massachusetts.

Dear Mr. Jones:

The editor of an Educational Magazine, a man who by virtue of his years has had the experience and observation of more than a half century of the progress of public school development writes "Music is not a frill upon education, it is rather the thrill in education."

In my third year of supervision, with many goals of technical discipline to constantly foster, I am yet assured that the thrill is not lost in the drill as I go from room to room and find my spirit rise to the challenge of eager smiling faces.

With prevailing financial conditions against it, I thought it not unlikely that our very cautious and limited experiment in instrumental instruction might falter or fail this year. As you know, it has been of necessity a self supporting venture, its' sole impetus from the school system being furnished by sympathetic interest, and the advantage of connection with a school organization. Not only is the experiment holding it's own, but would be enlarging it's scope, had we the means of meeting the opportunity.

To the regular vocal activities, all of which show a normal growth, I am adding this year lessons in listening which with the help of a phonograph and a large library of records made available through the generosity of a citizen, will add to the intelligent enjoyment of much fine music, the constantly increasing inheritance of a radio generation.

Yours respectfully,

ADELBERT H. MORSE,
Supervisor of Music.

REPORT OF THE SUPERVISOR OF HOUSEHOLD ARTS

Mr. Arthur C. Jones, Superintendent of Schools,
Walpole, Massachusetts.

Dear Sir:

I am pleased to submit herewith my annual report as Supervisor of Household Arts in the Walpole Schools.

The four year course in the High School in Household Arts has had its enrollment increased one hundred ten percent this year. In this course, as explained in previous reports, we study home management; interior decorating; household budgeting; proper feeding of infants, children, and adults; care of children; preserving foods; clothing, as to remodelling and making of new garments, selection and care of clothing and the clothing budget; and the many other subjects that are required in order that one may run a home successfully.

This course also fits one for further study in hospital training, dietetics, or food specialization.

Foods and clothing are also elective subjects open to any girl in the high school. Due to the popularity of the course we have this year three afternoon classes in place of the one class last year.

The clothing work begins in the fifth grade with the making of the fundamental stitches, seams, and finishings, and continues through the seventh and eighth grades with darning, mending and the care of clothing. The girls make their own cooking uniforms and are taught the use of the commercial patterns. This helps each girl to make and fit a dress suitable to her personality and type.

The Junior High School Foods Classes consist chiefly in the preparation of foods, serving foods, and its use to the body.

I am very glad to report that the cafeteria remains self-supporting and that our patronage during the fall term has diminished only two per-cent. I find our milk trade, hot dish trade and sandwich trade has remained the same, with the decrease in trade in candies and cakes. This shows very careful, wise selection of foods on the part of our boys and girls.

Very sincerely,

DORIS MAXFIELD,

Supervisor of Household Arts.

REPORT OF THE SUPERVISOR OF MANUAL ARTS

Mr. Arthur C. Jones, Superintendent of Schools,
Walpole, Massachusetts.

Dear Sir:

I herewith submit my annual report as supervisor of Manual Training.

For another year the classes in the Practical Arts course in the High School have been full to capacity. Again a wide range of projects are under way and the usual care and interest is being shown.

In all our work in the shops we try to cultivate in the boy the view point of the good craftsman. We start by interesting him in the importance of creating a good plan or design of some project, studying the requirements of his needs, and carrying the project on to its finish; holding the highest grade of commercial workmanship as our aim. We seldom use ready made plans of projects except for some of their fundamentals and for further study. From the working drawing to a finished project in the paint shop, there are great opportunities for the boys to do straight and clear thinking, which is of course the great educational value of this work.

Our shops are run on the honor system, thus placing the responsibility for cooperation upon the members of the classes. I think this plan has proved to be very successful. The willingness of the boys to keep our shops and equipment in the good condition that they are in today is proof of the value of this plan.

This cooperation among the boys is shown in many ways daily, and helps us in our planning better courses and makes working with them so enjoyable.

Respectfully submitted,

ARNOLD F. GROVER,

Supervisor of Manual Training

REPORT OF THE SUPERVISOR OF PHYSICAL EDUCATION FOR GIRLS

Mr. Arthur C. Jones, Superintendent of Schools,
Walpole, Massachusetts.

Dear Mr. Jones:

I herewith submit my annual report as Supervisor of Physical Education for Girls.

A general outline of the aims and plan of activities is as follows:
Grades I-VI

1. To carry on all work out of doors, as far as possible.
2. To have a balanced program of skills, rhythms, self-testing activities and games.
3. To teach activities that have a "carry-over value", and such as will be put to use in out-of-school play time.
4. To make the physical training period a period of relaxation, stimulation and change, by using, wherever possible, the assembly hall, or an empty room for a gymnasium in order to get away from the formal type of restricted class room activity.

High School and Junior High.

In the outdoor program for the Junior High we begin the more highly organized type of games. These girls play soccer almost entirely in the fall. However, at the Bird School this fall we devoted the first four weeks of school to tennis instruction and a "Ladder Tournament" was held for the 7th and 8th grade girls. This was played off on the Bird Park courts. The High School girls play both soccer and hockey, with the emphasis laid upon hockey because of its rapidly increasing importance in womens' athletics. Baseball is the spring activity for both groups, though we shall go on with our tennis at Bird Junior High this spring.

During the winter months a rotation of activities is planned so that one of every four lessons is devoted to—marching tactics and calisthenics; folk and tap dancing; apparatus; Volley ball. At the Bird School the work is rotated in three units because of the lack of apparatus.

Last year our "after school" program consisted of a basketball tournament for the High School girls and a volley ball tournament for the Junior High girls, during the months of January and February.

The High School girls have a field hockey team which plays teams from surrounding schools. This year they had a very successful season, playing a schedule of nine games in which they were undefeated.

Last spring a track meet, in recognition of "Olympic year" in the United States, was held at the High School field. Every class from every school in town was represented in the events.

Respectfully submitted,

MILDRED WALLACE,

Supervisor of Physical Education for Girls

REPORT OF THE PHYSICIAN FOR THE BIRD AND FISHER SCHOOLS

Mr. Arthur C. Jones, Superintendent of Schools,
Walpole, Massachusetts

Dear Sir:

This year the Bird and Fisher Schools were under my care. The usual Physical Examinations and the inoculations and Schick Test for the prevention of diphtheria were given with good results. The majority of parents have shown excellent cooperation.

Respectfully submitted,

THOMAS M. CONNELL, M. D.

Physician for the Bird and Fisher Schools.

REPORT OF THE PHYSICIAN FOR THE HIGH AND PLIMPTON SCHOOLS

Mr. Arthur C. Jones, Superintendent of Schools.
Walpole, Massachusetts.

Dear Sir:

I herewith submit my annual report as School Physician. This year the pupils of the High School and Plimpton Schools were examined by me.

The physical defects were observed and recorded and notices were sent to the parents.

I paid special attention to the examination of the heart of all students on the various athletic squads to be sure that they would be able to stand the extra exertion. The condition known as "athletes foot" was carefully watched for.

All pupils found suffering from contagious lesions were excluded from school until such conditions were healed.

The administration of diphtheria toxin-antitoxin has been completed.

In general, I am pleased to report favorably as far as the health of our school children in Walpole is concerned.

Respectfully submitted,
EDWARD R. DeROMA, M. D.
Physician for the High and Plimpton Schools.

REPORT OF THE PHYSICIAN FOR THE STONE AND BOYDEN SCHOOLS

Mr. A. C. Jones, Superintendent of Schools,
Walpole, Massachusetts.

Dear Mr. Jones:

The following is my report as school physician for the Stone and Boyden Schools. The first six months were given over to re-examination of such pupils as were recommended for follow-up work, and to retesting and administering the Schick test to those requiring it.

The fall term was given to the general examination of all children in the above grades, and notices were sent home where abnormal conditions were found. Operations were recommended in several instances.

In my report of last year, I mentioned that personal cleanliness was lacking in several cases, and I find the same conditions present this year, in approximately the same number of cases.

Respectfully submitted,

F. H. FULLER, M. D.

Physician for the Stone and Boyden Schools.

REPORT OF THE SCHOOL NURSE

Mr. Arthur C. Jones, Superintendent of Schools,

Walpole, Massachusetts.

Dear Sir:

I herewith submit the annual report which covers a large part of the routine work.

The statistical report is as follows:

Number of pupils examined by doctor	1,803
Number of pupils having posture defects	492
Number of pupils having defects	360
Number of notices sent home	285
Number of children receiving inoculations for diphtheria	185
Number of children receiving Schick Test	197
Number of pupils examined at tuberculosis clinic	10
Number of pupils found positive	1
Number of pupils sent to summer camp	2
Number of pupils having defective hearing	60
Number of individual inspections	11,200
Number of visits made to schools	338
Number of extra visits	102
Number of pupils excluded:	
Pediculosis	40
Skin diseases	36
Symptoms of communicable diseases	22
Other reasons	23
Number of first aid treatments	118
Number of home visits	343
Number of children taken to eye and ear clinics	15
Number of visits made to habit clinics	3
Number of visits made to Child Guidance Clinics	26

In May visits were made to the parents who had children entering kindergartens and first grades by the visiting nurses and myself. The parents were urged to take the children to the family physician to be vaccinated and at the same time to have a physical examination, with the idea of having physical defects corrected before the child enters school in September. The school doctors co-operated with this project and met with such response from the parents that out of 139 visits made, 70 parents took their children to their family physician for examination.

The State Department of Health assured us that this was a gratifying response. We look forward to the time when every new pupil expecting to enter school will be taken to the family physician for vaccination and physical examination before July 1st each year. This would give time for the correction of defects and each child would be physically fit in September.

The Following defects were found:

Tonsils and adenoids	36—5 corrected
Enlarged glands	18
Dental defects	30—12 corrected
Malnutrition	5
Posture	4
Feet	4
Heart	2
Lungs	1

The Chadwick Clinic which is making a state-wide tuberculosis survey in the schools has commenced work in Walpole. This is an extension of the clinical work done each year in connection with the ten year program under the State Board of Health. Slips were sent out to all the parents asking permission for the tuberculosis test. Dr. Wakefield spoke to all the teachers, then later on spoke to the Senior and Junior High Schools explaining the purpose and method of the clinic. About 82% of the Walpole children are to be tested by the Chadwick Clinic. This is a splendid showing. It makes Walpole outstanding as a progressive community and demonstrates clearly the fine co-operation shown by the Walpole school physicians and the classroom teachers.

May I take this opportunity of thanking the various town organizations for their very generous co-operation in securing assistance for children who needed medical aid and clothing in this year of unusual hardships?

I wish also, to thank the Superintendent, principals, teachers and parents for their continued co-operation.

Respectfully submitted,

ANNA F. SABATIS, R. N.

School Nurse.

Honorable Board of Selectmen, Walpole, Massachusetts.

Gentlemen:

The celebration of the George Washington Bi-Centennial and Commemorative exercises relating to it were organized and worked out under these heads:

1. The Public Schools of Walpole
   - a. On February 22, 1932, the celebration was formally initiated with an evening program prepared and presented by pupils of all grades of our elementary and secondary schools.
   - b. The Official Moving Picture Film of the Life of George Washington was shown in our Junior and Senior High Schools.
   - c. Some phase of the life and greatness of George Washington was emphasized on each of the National or State holidays: Evacuation Day, Patriot's Day, Flag Day and Constitution Day.
2. Churches, Civic and Patriotic Organizations

   All the churches dedicated at least one service to the memory of George Washington.

   Several of the local Women's Clubs and other organizations of a similar nature set aside one meeting for the definite observance of the Bi-Centennial. Noted speakers were present, Colonial Teas were held, and costume parties were prepared.
3. Framed pictures of George Washington were presented to all schools, to the Public Library, to the Town Hall and to the Memorial Building.
4. The "Town Planning Game"

Mrs. Charles Sumner Bird, Chairman of the Massachusetts Town Planning Committee sponsored the Town Planning Game. George Washington is known as the outstanding American city planner. The Massachusetts Town Planning Committee believed that training the youth of today in town planning would be a most excellent way in which to honor the memory of Washington and enlisted the cooperation of the schools, service clubs and town planning boards to that end.

Our High School pupils entered the Game Plan competition and made drawings and other plans designed to show what they believe the Town of Walpole will and ought to look like 100 years from now.

These drawings were shown to the Public in an exhibition at the Walpole High School building on December 2, 1932. This exhibition was unique in that it was the first of its kind to be held in this country and is so recorded in the official Bi-Centennial records.

Respectfully submitted,

ARTHUR C. JONES.

FIFTY-SEVENTH ANNUAL REPORT

OF THE

LIBRARY TRUSTEES

OF THE

TOWN OF WALPOLE

For the Year Ending December 31st

1932

REPORT OF THE LIBRARIAN

The Library has been performing an unusually important and worthwhile task during the past year, in encouraging and entertaining those burdened and disheartened in this period of economic distress. We have noticed a large number of people using material to fit themselves for new positions, as well as to add to their efficiency in the work they are now doing, and we have aided many, who, by reading books on current history, sociology, and economics, are studying the problems of today. In addition to an eight thousand increase over last year in the number of books borrowed, there has been a much greater use of the reading rooms and reference collection.

The new bright paint of the interior has added immensely to the attractiveness of the Library. Gifts of flowers from several of our patrons and staff have been much appreciated, as well as the displays loaned by Mr. Frederick Libby, the Gowing brothers, and Frederic Benington..The Audubon bird book was examined with interest during the three weeks it was exhibited.

The Garden Club sponsored a day's conference at the Library in March, when Mr. Ricker and Mr. Salter of the Norfolk County Agricultural School answered questions and discussed garden problems. The meetings were well attended, and many borrowed helpful material from the Library's garden collection.

Children's Book Week was observed as usual by a display of the best of the new books, along with many old favorites. "The Building of a Book" was illustrated from the original manuscript to the finished product in its paper jacket. Special story hours were attended by nearly two hundred children of different ages.

A statistical survey of the work of the Library follows.

Respectfully submitted,

MILDRED V. FENTON,

Librarian.

Donors of books in 1932.

Charles S. Bird, Jr.
Miss C. P. Eaton.
Edwin Emerson.
Mrs. A. H. Russell.

The Board of Trustees of the Walpole Public Library submits its annual report for the year ending December 31, 1932 and calls attention to the detailed statistics of the Library herewith included.

The Board organized for the year with Col. W. M. Whitman as chairman, Mrs. Harold L. Goddard as secretary and Mr. Warren Milliken, treasurer.

During the summer, the town redecorated the main floor of our building. The dark red and green of the original decorative scheme has given place to a cream which harmonizes with the wood work and lightens the rooms in a surprising manner.

The Trustees have been studying the problem of completing the renovating of the basement. For years, the Historical Society of Walpole has stored some of its property in the Library building; members of the society have been consulted and their advice sought as to the disposal of this collection. The large south east corner room is being refinished and will, we hope be furnished in Colonial fashion. Here the best of the Historical exhibit may be displayed. This room will also be used as a committee and consultation room. The room formerly used by the society as a storage room will be used as a work room for the librarians and caretaker.

The expense of this work is being met by the interest of the Charles S. Bird gift. In the report of 1931, the trustees expressed hope that a building for the East Walpole Branch might be purchased and the service to the people of East Walpole be increased. Excellent as is the work of Miss Blaney in the Bird and Son Library, a Library open in the evening would be appreciated by the East Walpole borrowers. In spite of their disappointment that this dream must be postponed, the trustees agree that this is no time for expansion.

The large increase in circulation proves the opportunity the present time offers the Library to help those, who having more leisure, are using the Free Public Library.

Our appropriation for 1932 was very much cut and will probably be even less in 1933. Even with the utmost economy of management, the amount of money to be spent on new books has to be reduced. This effects everyone—not only the borrower but the librarians who regret their inability to supply the requests for late fiction. This situation is a challenge to us all: to the librarians to place before the reader books already on the shelves, very well worth reading, even for a second time and to us all to accept these limitations patiently. With the fiction in its new home in the East reading room, it is possible for one to browse among the volumes and discover many well worth publications, overlooked before.

Miss Mildred Fenton, our Librarian since October 1931 resigned in December to be married. Miss Ruth Balch, of Newburyport, a graduate of Pratt Institute takes her place January 3, 1933.

Miss Eleanor McLean is still our Childrens' Librarian and the devotion of the children to her speaks well of her success in that position.

We are glad to say that Miss Katherine Lewis, our assistant Librarian continues to give us her efficient and unselfish help.

Miss Taylor, a High School student has been circulation assistant during the Fall and the Misses Morrisey, both students in the Library School at Simmons College have been very helpful, substituting whenever there was a need.

The Trustees desire to acknowledge publicly their gratitude to the Librarians and their assistants at the Center Library; to Miss Blaney for her valued services in the East Walpole Branch; to Mr. Hubbard for his faithful care of the building and his general interest in our work; to all those who have made gifts to the Library and to all who in any way have helped to make the year a successful one.

We present the statement of our expenditures for 1932 and the budget for 1933 for which we are asking for an appropriation of $5850.

Respectfully submitted,

ELEANOR W. GODDARD, *Secretary.*

FRANCIS DALTON,

Collector of Taxes.

THE COMMONWEALTH OF MASSACHUSETTS
DEPARTMENT OF CORPORATIONS AND TAXATION
DIVISION OF ACCOUNTS

REPORT OF AN AUDIT
of
THE ACCOUNTS OF THE TOWN OF WALPOLE

For the Year Ending December 31, 1932
Made in Accordance with the Provisions of Chapter 44,
General Laws

January 24, 1933

January 24, 1933

To the Board of Selectmen,

Mr. John J. Easton, Chairman

Walpole, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Walpole for the year ending December 31, 1932, made in accordance with the provisions of Chapter 44 of the General Laws. This is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts.

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston.

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Walpole for the year ending December 31, 1932, and submit the following report thereon:

The books and accounts of the town accountant were examined and checked with the treasurer's books and with the records in the several departments collecting money for the town.

The appropriations, as entered in the ledger, were checked to the town clerk's records of appropriations voted by the town.

The town should take action each year on the disposition of the dog fund received from the county, Section 172 of Chapter 140, General Laws, providing that such money be appropriated for schools or library.

The ledger accounts were analyzed, the necessary adjusting entries were made, and a balance sheet was prepared showing the financial condition of the town as of December 31, 1932.

The books and accounts of the town treasurer were examined and checked. The recorded receipts were analyzed and compared with the records in the departments collecting money for the town and with the other sources from which money was paid into the town treasury, while the payments were checked with the selectmen's warrants authorizing the disbursement of town funds. The bank balances were reconciled with statements furnished by the banks of deposit.

The payments of maturing debt and interest were proved with the amounts falling due and with the cancelled securities on file.

The balances remaining in the coupon accounts were reconciled with statements furnished by the banks as of December 31, 1932.

The savings bank books and securities representing the trust funds in the custody of the town treasurer were examined and listed. The income was proved and the withdrawals were checked with the receipts shown in the treasurer's cash books.

The books and accounts of the tax collector were examined and checked. The commitment lists were reconciled with the assessors' warrants, the payments to the treasurer for the several levies were compared with the treasurer's cash book, the abatements were checked with the assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the accounts as shown in the accountant's ledger.

The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The commitments of water charges were examined and checked. The recorded payments to the treasurer were compared with the treasurer's books, the abatements were verified, and the outstanding accounts were listed and reconciled with the accountant's ledger.

In reconciling the collector's cash as of December 31, 1932, excess cash amounting to $237.21 was noted.

The town clerk's records of sporting and of dog licenses were examined, the payments to the State and county being verified with the receipts on file and the payments to the town treasurer being compared with the treasurer's cash book.

The accounts of the health, highway, public welfare, and school departments, in addition to all other departments collecting money for the town or committing bills for collection, were examined and reconciled with the accountant's and the treasurer's books.

The surety bonds of the treasurer, collector, town clerk, and town engineer for the faithful performance of their duties were examined and found to be in proper form.

In addition to the balance sheet mentioned above, there are appended to this report tables showing a reconciliation of the treasurer's cash, summaries of the tax and assessment accounts, as well as tables showing the trust fund transactions.

For the courtesies extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDWARD H. FENTON

Chief Accountant
